### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees New Visions Charter Schools

### Report on the Financial Statements

We have audited the accompanying financial statements of New Visions Charter Schools (the "School"), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Visions Charter Schools as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Emphasis of Matter**

As further discussed in Note 10 to the financial statements, a global pandemic has been declared by the World Health Organization as a result of the rapidly growing outbreak of the coronavirus, COVID-19. The extent and ultimate impact of COVID-19 on the School's operating and financial performance cannot be predicted at this time. Our opinion is not modified with respect to this matter.

### **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information presented on pages 16 through 35 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2020 on our consideration of New Visions Charter Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Visions Charter Schools' internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 1. NATURE OF THE ORGANIZATION

New Visions Charter Schools (the "School") is a New York State, not-for-profit educational corporation that was incorporated on March 5, 2012 to operate multiple charter schools pursuant to Article 56 of the Educational Law of the State of New York. The School, led by the Board of Trustees, received provisional charters from the Board of Regents of the University of the State of New York to operate charter schools in the State of New York pursuant to certain terms and conditions set forth in its approved charter application and the charter agreement dated November 5, 2012. The School endeavors to extend equally to all students, regardless of their previous academic history, the highest quality education in an atmosphere of respect, responsibility, and safety.

The School is exempt from federal income tax under Section 501(a) of the Internal Revenue Code ("IRC") as an organization described in Section 501(c)(3) of the IRC and a similar provision under New York State income tax laws. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii) of the IRC.

The School operates New Visions Charter High School for Advanced Math and Science III, New Visions Charter High School for the Humanities III, New Visions Charter High School for Advanced Math and Science IV, and New Visions Charter High School for the Humanities IV, which serve as divisions within the School. The School's charter agreement renewal dates and classes operated for students are as follows:

Division	Grade Range	Charter Renewal Date
New Visions Charter High School for Advanced Math and Science III	9th through 12th Grade	June 30, 2023
New Visions Charter High School for the Humanities III	9th through 12th Grade	June 30, 2023
New Visions Charter High School for Advanced Math and Science IV	9th through 12th Grade	June 30, 2025
New Visions Charter High School for the Humanities IV	9th through 11th Grade	June 30, 2022

The School shares space with New York City public schools and is not responsible for rent, utilities, custodial services, maintenance, and school safety. Square footage totaling 57,813 square feet is allocated to the School.

The New York City Department of Education ("NYCDOE") provides free lunches and transportation directly to a majority of the School's students.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

#### **Financial Statement Presentation**

The School's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The classification of the School's net assets and its support, revenues, and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the two classes of net assets – with donor restrictions or without donor restrictions – be displayed in a statement of financial position and that the amount of the change in each of those classes of net assets be displayed in a statement of activities.

These classes are defined as follows:

<u>Net Assets with Donor Restrictions</u> consist of contributions and other inflows of assets whose use is subject to donor-imposed restrictions that are more specific than broad limits reflecting the nature of the not-for-profit entity, the environment in which it operates and the purposes specified in its articles of incorporation or bylaws or comparable documents. Donor-imposed restrictions may be temporary in nature, such as stipulating that resources may be used only after a specified date or limited to specific programs or services. Certain donor-imposed restrictions are perpetual in nature.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Financial Statement Presentation (Continued)**

<u>Net Assets without Donor Restrictions</u> consist of contributions and other inflows of assets whose use is not subject to donor-imposed restrictions. This net asset category includes both contributions not subject to donor restrictions and exchange transactions.

#### Cash - Restricted

Cash – restricted consists of escrow accounts totaling \$280,013 and \$277,867 at June 30, 2020 and 2019, respectively, which is held aside for contingency purposes as required by the Board of Regents.

#### **Grants Receivable**

Grants receivable represent amounts due from federal and state entitlements and grants. Grants receivable are expected to be collected within one year, are recorded at net realizable value, and amounted to \$747,120 and \$516,411 at June 30, 2020 and 2019, respectively. The School has determined that no allowance for uncollectible accounts is necessary at June 30, 2020 and 2019. Such estimate is based on management's assessment of the creditworthiness of its grantors, the aged basis of its receivables, as well as current economic conditions and historical information.

#### **Revenue Recognition**

Revenue from state and local governments resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the School when qualifying expenditures are incurred and billable. Funds received in advance for which qualifying expenditures have not yet been incurred, if any, are reflected as refundable advances from state and local government grants in the accompanying statements of financial position.

Transfers of cash or other cash assets or settlement of liabilities that are both voluntary and nonreciprocal are recognized as contributions. Contributions may either be conditional or unconditional. A contribution is considered conditional when the donor imposes both a barrier and a right of return. Conditional contributions are recognized as revenue on the date all donor-imposed barriers are overcome or explicitly waived by the donor. Barriers may include specific and measurable outcomes, limitations on the performance of an activity and other stipulations related to the contribution. A donor has a right of return of any assets transferred or a right of release of its obligation to transfer any assets in the event the School fails to overcome one or more barriers. Assets received before the barrier is overcome are accounted for as refundable advances.

Unconditional contributions may or may not be subject to donor-imposed restrictions. Unconditional contributions without donor restrictions are recognized as revenue in changes in net assets without donor restrictions when received or promised. Contributions subject to donor restrictions are recognized in change in net assets with donor restrictions. When a purpose restriction is satisfied or when a time restriction expires, the contribution is reported as net assets released from restrictions and is recognized in change in net assets without donor restrictions.

The School receives a substantial portion of its support and revenue from the NYCDOE. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Premises Provided by Government Authorities**

The School does not record any in-kind contributions and related costs with respect to dedicated and shared space provided to it by the NYCDOE as the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined and is industry practice.

#### **Property and Equipment**

Purchased property and equipment are recorded at cost. Property and equipment acquired with certain government funding are recorded as expenses pursuant to the terms of the contract in which ownership of such property and equipment is retained by the funding source. Maintenance and repairs are expensed as they occur. The School has established a \$3,000 threshold above which assets are evaluated to be capitalized. The School expenses leasehold improvements because it has no lease and is uncertain that the space will be available beyond the close of the current fiscal year. Removable equipment that can be transferred to new space, if necessary, is capitalized. Depreciation is provided on the straight-line method over the estimated useful lives of the property and equipment.

Furniture and office equipment 3 years Computer equipment 3 years

#### Impairment

The School reviews long-lived assets to determine whether there has been any permanent impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the assets, the School recognizes an impairment loss. No impairment losses were recognized for the years ended June 30, 2020 and 2019.

### Advertising

The School expenses advertising costs as incurred. The School incurred \$41,635 and \$26,237 of advertising costs for the years ended June 30, 2020 and 2019, respectively, which is included in the accompanying statements of functional expenses under marketing and recruitment.

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Directly identifiable expenses are charged to program and supporting services. Expenses related to more than one function are charged to program and supporting services on the basis of the proportionate share of instructional, management and general and fundraising expenses. Management and general expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the School.

# **Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Subsequent Events**

The School has evaluated events through October 28, 2020, which is the date the financial statements were available to be issued.

#### **Income Taxes**

The School follows the accounting standard for uncertainty in income taxes. The standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in the financial statements. It also provides guidance for derecognition, classification, interest and penalties, disclosure, and transition.

The School files informational returns in the federal jurisdiction. With few exceptions, the School is no longer subject to federal income tax examinations for fiscal years before 2017.

The School believes that it has appropriate support for the positions taken on its tax returns. Nonetheless, the amounts ultimately paid, if any, upon resolution of the issues raised by the taxing authorities may differ materially from the amounts filed. Management believes that its nonprofit status would be sustained upon examination.

Should there be interest on underpayments of income tax, the School would classify it as interest expense. The School would classify penalties in connection with underpayments of income tax as other expense.

#### **Adoption of Accounting Pronouncement**

#### Contributions

During the year ended June 30, 2020, the School adopted Accounting Standards Update 2018-08, Not-for-Profit Entities (Topic 958) – *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. The update provides guidance in evaluating whether transactions should be accounted for as contributions or as exchange transactions and determining whether a contribution is conditional or not. The adoption of this update had no effect on the School's financial position and change in net assets.

### **Recent Accounting Pronouncements**

#### Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued an accounting standards update which affects the revenue recognition of entities that enter into either (1) certain contracts to transfer goods or services to customers or (2) certain contracts for the transfer of nonfinancial assets. The update indicates an entity should recognize revenue in an amount that reflects the consideration the entity expects to be entitled to in exchange for the goods or services transferred by the entity.

The update is to be applied to the beginning of the year of implementation or retrospectively. In June 2020, the FASB issued an accounting standards update which defers the required effective date of the update for one year. As a result, entities may elect to adopt the update for annual reporting periods beginning after December 15, 2019, and for interim reporting periods beginning after December 15, 2020, with early application permitted. The School has elected the deferral and is currently evaluating the effect the update will have on its financial statements.

#### Lease Accounting

In February 2016, the FASB issued an accounting standards update which amends existing lease guidance. The update requires lessees to recognize a right-of-use asset and related lease liability for many operating leases now currently off-balance sheet under current U.S. GAAP. Also, the FASB has issued amendments to the update with practical expedients related to land easements, lessor accounting, and disclosures related to accounting changes and error corrections.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Recent Accounting Pronouncements (continued)**

Lease Accounting (continued)

The update originally required transition to the new lease guidance using a modified retrospective approach which would reflect the application of the update as of the beginning of the earliest comparative period presented. A subsequent amendment to the update provides an optional transition method that allows entities to initially apply the new lease guidance with a cumulative-effect adjustment to the opening balance of equity in the period of adoption. If this optional transition method is elected, after the adoption of the new lease guidance, the School's presentation of comparative periods in the financial statements will continue to be in accordance with current lease accounting. The School is evaluating the method of adoption it will elect.

In June 2020, the FASB issued an accounting standards update which defers the required effective date of the update for one year. As a result, entities may elect to adopt the guidance for annual reporting periods beginning after December 15, 2021, and for interim reporting periods beginning after December 15, 2022, with early application permitted. The School has elected the deferral and is currently evaluating the effect the update will have on its financial statements.

#### 3. LIQUIDITY MANAGEMENT AND AVAILABILITY OF RESOURCES

The School maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities and other obligations come due. The School strives to maintain a cash reserve equal to a minimum of three months of operating expenses, with a target of three to six months. Cash is kept in interest-bearing bank accounts to maximize returns.

The School's financial assets available within one year of the statements of financial position date for general expenditures are as follows:

Aponditares are as follows.		
•	2020	2019

At June 30, 2020 and 2019, the School has no board designated net assets.

# 4. RELATED PARTY TRANSACTIONS

New Visions for Public Schools ("New Visions") is a not-for-profit organization dedicated to supporting public schools and helping start and manage charter schools. Pursuant to the terms of the Educational Services Agreement by and between the School and New Visions, it provides educational management, operational, and fundraising services to the School. As compensation to New Visions for these services rendered, the School pays 8% of its gross revenue. Gross revenue is defined as all such funding provided by the state, federal, and local government, but excludes any private grant funding awarded to the School.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

### 4. RELATED PARTY TRANSACTIONS (CONTINUED)

The balance due to New Visions from the School at June 30, 2020 and 2019 amounted to \$476,248 and \$438,046, respectively, which is comprised of management fees. Total management fees incurred by the School for the years ended June 30, 2020 and 2019 totaled \$1,943,939 and \$1,822,616, respectively. The balance due from New Visions to the School at June 30, 2020 amounted to \$4,089. There was no balance due from New Visions to the School at June 30, 2019.

For operational efficiency and purchasing power, the School also shares expenses with other charter schools related by common management. At June 30, 2020 and 2019, there was no balance due to other charter schools and there was a \$5,420 and \$12,175 balance due from other charter schools, respectively.

#### 5. LOAN PAYABLE

During the year ended June 30, 2018, New Visions Charter High School for the Humanities IV ("HUM IV") received a \$200,000, interest-free short-term loan from New Visions. During the year ended June 30, 2019, HUM IV received a \$300,000, interest-free short-term loan from New Visions. These loans provided assistance with HUM IV's first years of operations until additional grant funding was received. The loans were repaid during the year ended June 30, 2019.

#### 6. PROPERTY AND EQUIPMENT

Property and equipment consist of the following as of June 30,:

	2020	2019
Furniture and office equipment	\$ 237,334	\$ 237,334
Computer equipment	638,637	580,894
	875,971	818,228
Less: accumulated depreciation	(769,544)	(682,007)
	<b>\$</b> 106 427	<b>\$</b> 136 221

Depreciation expense amounted to \$87,537 and \$122,756 for the years ended June 30, 2020 and 2019, respectively.

#### 7. GRANTS RECEIVABLE

Grants receivable consist of federal and state entitlements and grants. The School expects to collect these receivables within one year. Grants receivable consist of the following as of June 30,:

	2020	2019
Out of District Per Pupil	\$ 106,265	\$ 104,226
Title I	214,356	3 241,831
Title II	11,753	31,374

E-Rate Reimbursement	121,293	3 114,091
NYS Additional Funding	248,198	-
Other	21,255	562
	<u>\$ 747.120</u>	<u>\$ 516.411</u>

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 8. REFUNDABLE ADVANCE FROM PAYCHECK PROTECTION PROGRAM

In April 2020, the School received a Paycheck Protection Program ("PPP") loan of \$3,583,957 granted by the Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). PPP loans are considered conditional contributions, with a right-of return in the form of an obligation to be repaid if a barrier to entitlement is not met. The barrier is that PPP loan funds must be used to maintain compensation costs and employee headcount, and other qualifying expenses, such as utilities, incurred following receipt of the funds. As of June 30, 2020, the School recognized \$3,283,547 of the amount received as grant revenue based on the qualifying expenditures incurred and barriers to entitlement being met. The School is tracking the qualifying expenditures during the qualifying period and an application for forgiveness of the loan will be made. However, as of the date the financial statements were available to be issued, notice of forgiveness had not been received from the lender. Management believes the School has met the requirements to be forgiven. However, if a portion of the loan must be repaid, the terms (0.98% per annum, repayable over a maximum of two years with a six-month deferral period) are such that the School has sufficient liquidity to repay the unforgiven portion.

At June 30, 2020, the School recorded \$300,410 as a refundable advance from the Paycheck Protection Program for funds received in advance for which qualifying expenditures have not yet been incurred and barriers to entitlement have not been met.

#### 9. PENSION PLAN

The School has adopted the New Visions for Public Schools' pension plan (the "Plan") which is qualified under Internal Revenue Code 403(b) for the benefit of its eligible employees. The Plan is an elective contribution plan. Employees are eligible to enroll in the Plan once they have completed at least one full year of service and completion of 1,000 work hours and are also eligible for discretionary employer contributions. The School's contribution becomes fully vested after the sixth year of the employee's service. Pension expense amounted to \$772,022 and \$767,488, net of forfeitures, for the years ended June 30, 2020 and 2019, respectively, and is included in the accompanying statements of functional expenses under retirement.

#### 10. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to protect itself from such risks.

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursements. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The School cannot reasonably estimate the length or severity of this pandemic; however, economic uncertainties have arisen which could have a material adverse effect on the School's financial position, results of operations and cash flows. The School believes they are taking appropriate actions to mitigate the negative impact.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020 AND 2019

#### 11. COMMITMENTS

The School leases office equipment and copiers under non-cancellable operating leases which will expire at various times during the next four years. The leasing expense for the years ended June 30, 2020 and 2019 was \$72,068 and \$62,861, respectively, which is included in the accompanying statements of functional expenses under office expense. Future minimum lease payments are as follows:

<u>June 30,</u>	
2021	\$ 44,719
2022	40,132
2023	6,537
2024	 1,638
	\$ 93.026

#### 12. CONCENTRATIONS

Financial instruments that potentially subject the School to a concentration of credit risk include cash accounts at a major financial institution that, at times, exceeded the Federal Deposit Insurance Corporation insured limits of \$250,000.

The School received approximately 83% and 92% of its total revenue from per pupil funding from the NYCDOE during the years ended June 30, 2020 and 2019, respectively.

The School's grants receivable consist of two major grantors accounting for approximately 83% at June 30, 2020 and two major grantors accounting for approximately 80% at June 30, 2019.

The School's payables consist of one major vendor accounting for approximately 18% at June 30, 2020 and two major vendors accounting for approximately 23% at June 30, 2019.

# Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Trustees New Visions Charter Schools

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Visions Charter Schools (the "School"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 28, 2020.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings and responses as Finding 2020-01.

The School's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The School's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

We noted certain matters that we reported to management of the School in a separate letter dated October 28, 2020.

An independent member of Baker Tilly International

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Finding: 2020-01

<u>Criteria and condition</u>: The School is required to be in compliance with the requirements of its charter agreement issued by the Board of Regents of the State of New York. The charter agreement of one of the School's divisions, New Visions Charter High School for the Humanities IV ("HUM IV"), provides that HUM IV must have no less than \$75,000 in an escrow account by the third year of its charter term. The year ended June 30, 2020 was the third year of HUM IV's charter term; however, HUM IV only had approximately \$50,000 in its escrow account at June 30, 2020. Subsequent to year end, on October 2, 2020, the additional \$25,000 was transferred to HUM IV's escrow account.

<u>Context</u>: Pursuant to HUM IV's charter agreement, HUM IV agreed to establish an escrow account of no less than \$75,000 to pay for legal and audit expenses that would be associated with dissolution. The charter agreement states that HUM IV may provide for the full amount in its first-year budget or provide for a minimum of \$25,000 per year for the first three years of HUM IV's charter term.

Cause: Inadequate management oversight of charter agreement requirements.

<u>Effect:</u> HUM IV can be under additional scrutiny from the Board of Regents of the State of New York for not being in compliance with its charter agreement as of June 30, 2020.

<u>Recommendation:</u> Although the finding was corrected subsequent to year end, we recommend that HUM IV review the compliance requirements of its charter agreement in order to comply with all requirements of the Board of Regents of the State of New York.

#### SECTION III - VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTION

#### Finding: 2020-01

We recognize and agree with the finding regarding the noncompliance with the escrow account requirement in HUM IV's charter agreement during fiscal year 2020. The finding has been corrected subsequent to year end. An additional \$25,000 was transferred to HUM IV's escrow account on October 2, 2020, bringing the total in the escrow account to at least \$75,000 as required by the charter agreement.
