The table above shows the current 2023-2024 funding streams in the order they must be spent (left to right).

### FS-10 Proposed Budget

The FS-10 form is required annually for School Districts and Direct Contract Agencies who receive Federal or State Universal PreK (UPK) and/or Statewide Universal Full-Day PreK (SUFDPK) funding. If a district receives multiple funding for prekindergarten, an FS-10 is required for each funding stream.

FS-10s are due at the time annual applications are submitted. Failure to meet deadlines will significantly delay the payment.

### District and Direct Contract Agency Responsibilities

Districts and Direct Contract Agencies have five primary responsibilities when submitting the FS-10 with the prekindergarten application.

1. **Using the applicable allocation or grant award list** to determine the PreK maximum allocation or grant award for the current program year.
2. Ensure the approved budget does not exceed the district’s PreK allocation or grant award.

3. Determine and budget for the districts 10% collaboration requirement based on the total annual prekindergarten allocation or grant award for each project funding received.

4. Ensure that all proposed expenditures are approved costs for the PreK project.

5. Ensure that the costs projected in the FS-10 are appropriate, reasonable, and necessary to support the project activities and goals. Funds should be directed primarily to direct services to the PreK students. If the District or Direct Contract Agency has questions regarding the reasonableness of a proposed expenditure, please contact OEL@nysed.gov

FS-10 Submission Protocols/Timeline
School Districts and Direct Contract Agencies must submit Universal PreK (UPK) and Statewide Universal Full-Day PreK (SUFDPK) applications through the State Education Department Delegated Account System (SEDDAS) business portal annually. Proposed FS-10 budget must be uploaded in the business portal as part of the application process.

FS-10 budgets are reviewed and approved by OEL before being sent to Grants Finance. Districts will receive a Grants Award Notice (GAN) after the budget has been approved and processed by the Grants Finance office.

NOTE: Failure to meet deadlines will significantly delay the payment.

FS-10 Development Tips
Prior to submission to OEL, ensure the following:

- FS-10 includes the current project number (XXXX-23-XXXX)
  - if unsure, please consult OEL@nysed.gov
- all calculations, sub-totals, and project costs are correct for each line

Please feel free to contact the Office of Early Learning at (518) 474-5807 for any questions regarding the information contained in this document.

FS-10 Budget Basics
1. Local Agency Information (Page 1)

   - Funding Source: Allocation Type or Grant Name being used for the FS-10
   - Report Prepared By: This person will be contacted by OEL regarding the FS-10 for the district.
• **Agency Name:** School District, Direct Contract Agency, or BOCES fiscally responsible for the program

• **Mailing Address/County:** Address of the program business office

• **Telephone # of Report Preparer:** Provide full area code and extensions if applicable

• **Email Address:** This email should be the person responsible for answering questions regarding the FS-10 for the district.

2. Budgets should reflect only whole dollar amounts (no cents). Please calculate project costs rounded to the next whole number when necessary.

3. Some cells on the Excel budget template are locked to help alleviate calculation errors. Nevertheless, please double check all calculations prior to sending to NYSED. This will prevent delays in processing. There are multiple versions of the form available on the Grants Finance website.

4. Staff responsible for completing and submitting the PreK application will need access to the Business Portal/MVPS. District/Direct Contract Agency’s designated Entitlement Administrator, usually the Superintendent or Executive Director, must grant access status to users. Instructions are located at SEDDAS - SED Delegated Account System. Here is a link to update entitlements and administrators. Contact seddas@nysed.gov for technical support.

CODE 90: INDIRECT COSTS

Indirect costs are costs of activities that benefit more than one program or objective and, therefore, cannot be readily assigned to only one specific program or objective. They are generally classified under functional categories such as general maintenance and operation expenses, general office and administration expenses, general overhead expenses, and other allowable general expenses. Indirect cost rates are calculated by the SED annually using a methodology approved by the U.S. Department of Education. Sometimes the updated indirect rates have not been issued when OEL begins reviewing applications. In this case, the district would use the prior year’s rates.

- Indirect costs do not have to be itemized.

Be sure to include the calculation:

\[
\text{Modified Direct Cost Base} \times \text{Indirect Cost Rate} = \text{Total indirect Cost}
\]

APPLICANTS should utilize the indirect cost rate established by NYSED.

---

**INDIRECT COST**

A. Modified Direct Cost Base -- Sum of all preceding subtotals (codes 15, 16, 40, 45, 46, and 80 and excludes the portion of each subcontract exceeding $25,000 and any flow through funds) **Manual Entry**

B. Approved Restricted Indirect Cost Rate

C. Subtotal - Code 90

For your information, maximum direct cost base = $759,237.00

To calculate Modified Direct Cost Base, reduce maximum direct cost base by the portion of each subcontract exceeding $25,000 and any flow through funds.

FS-25 Request for Funds for a Federal or State Project

Procedures

Purpose and Overview of FS-25 Process

Districts use this form to request funds from an allocation or a grant award approved by the State Education Department. The FS-25 form allows districts to draw down remaining funds throughout the program year after the initial payment from NYSED has been received.

Before submitting a request to Grants Finance, local agency staff must have a clear understanding of the policies and procedures regarding payments for Federal and State grants. The requirements that must be met in order to receive funds using form FS-25 are addressed in Grants Finance’s Fiscal Guidelines for Federal and State Grants at http://www.oms.nysed.gov/cafe/guidance/.

The Department will consider the Chief Administrator’s signature on the form to be confirmation of the agency’s knowledge of and agreement to meet the requirements.

Procedures for Completing the FS-25 Request for Funds

The first part of page 1 of the FS-25 includes identifying information about the project the district is requesting fund for. Programs need to complete the following information:

- **The Project #** should reflect the current program year
- **Contract #’s** do not apply to districts
- **The Agency Code** that is assigned to the district
- **Funding Source:** list the prekindergarten funding source

- **Agency Name:** district name
- **Mailing Address:** district mailing address
- **Contact Person:** the person who can answer funding questions
- **Email & Phone Number:** of the person who can answer funding questions
- **Month/ Year:** the month and year the request is being made
The second part of page 1 of the FS-25 document (pictured below) is completed to request payment of additional remaining funds. Please review the district’s budget, amendment, expenditure, and payment records prior to completing the FS-25 and complete the lines as follows:

- **Line 1** - Amount of Approved Budget: enter the total amount of the approved budget plus any approved budget amendments
- **Line 2** – Project Payments Received to Date: enter the total of any payments received by the district for this grant
- **Line 3** – Project Cash Expenditures to Date: enter the total amount of actual expenditures made under this grant
- **Line 4** – Cash Expenditures Anticipated During the Next Month: request only what is needed to support grant activities during the next month, minimizing the time between receipt of the funds and disbursement. Enter zero if the grant program is reimbursement only or if your district is receiving payments on a reimbursement-only basis.
- **Line 5** – Additional Funds Requested: Add lines 3 and 4, then subtract 2. Enter the result in line 5. If line 5 is zero or less, do not submit a form FS-25. Please use whole dollar amounts. Send one copy with original signature directly to Grants Finance for each grant.

**FS-10A Proposed Amendment to a State or Federal Project**

**Purpose and Overview of FS-10A Process**

PreK applications include a proposed budget (FS-10) describing how the district or agency will expend PreK project funding. The proposed budgets are reviewed and approved by OEL staff and the Office of Grants Finance. Once approved, the FS-10 becomes the spending plan for the district or direct contract agency.

During the program year, a district or agency may want to revise the spending plan. To approve spending changes, an amendment must be submitted using the form: **FS-10A Proposed Amendment to a Federal or State Project**. Once the form is complete the original and two copies of the FS-10A are mailed to the Office of Early Learning.
A district or agency may submit multiple proposed budget amendments in a single program year. It is pertinent to confirm final child program counts in March and complete an amendment if necessary.

- **Any decrease in child counts** from the original application and budget for the program year will **REQUIRE** an amendment be submitted to decrease funding.

- **Any increase in child counts** from the original application may allow for an increase in funding **IF** the amount does not exceed the original allocation or grant award for the project. **This would only apply to districts or direct contract agencies not already accessing their entire allocation or grant award in their approved FS-10 for the project year.**

- **Reminder:** unused funds do NOT carry over into the next project year.

**FS-10As are due prior to May 31st** to ensure that budget amendments can be processed by June 30th.

**FS-10F Final Expenditure Reports are due June 30th.**

**Completing the FS-10A**
Districts and Direct Contract Agencies have three primary responsibilities when completing the FS-10 A.

1. To ensure that all proposed expenditures are approved costs for the PreK grants. Please see the FS 10 section of this document to determine what costs are allowable in budget categories.

2. To ensure that the costs projected in the FS-10A are appropriate, reasonable, and necessary to support the project activities and goals, funds should be directed primarily to direct services to the PreK students. If the district or direct contract agency has questions regarding the reasonableness of a proposed expenditure, contact the Office of Early Learning at OEL@nysed.gov.

3. To ensure the technical accuracy of the FS-10A submission, programs are expected to provide the same level of detail in the explanation section of the FS-10A as required in the FS-10 Proposed Budget (descriptions, providers of services, calculation of costs, etc.).
**FS-10A BASICS**

**PAGE 1**

- **Agency Name:** School District, Agency, or BOCES fiscally responsible for the program
- **Mailing Address/County:** Address of the program business office
- **Agency Code:** 12-digit BEDS Code
- **Amendment #:** A cumulative number based on the number of amendments submitted. For example, if this is the second amendment submitted, it would be labeled as Amendment #2.
- **Project Number:** A specific number assigned to each district’s source of funding
- **Contact Person:** This will be the person being contacted by OEL regarding the FS-10A.
- **Telephone # of report Preparer:** Provide full area code and extensions if applicable
- **Email address:** This email should be the person responsible for answering questions regarding the FS-10 for the district.

**PAGE 2**

The example to the left illustrates how to enter information into the FS-10A chart. The information included are drawn from previous examples to show continuity.

If there are any questions on how to complete an FS-10A, please email **OEL@nysed.gov**

Amendments should be to the Office of Early Learning no later than May 31st of that program year. One original and two copies must be included.
FS-10 F Final Expenditure Report Long Form

Purpose and Overview of FS-10 F Final Expenditure Report
At the end of the program year, districts and agencies must submit the FS-10F Final Expenditure Report Long Form (1 FS-10F per funding project). Districts must maintain complete and accurate records and may be requested to provide additional detail to support reported expenditures. The FS-10F should reflect any changes made through FS-10A budget amendments.

Submit one report per funding project with an original signature and one copy directly to:
Grants Finance, New York State Education Department
Room 510W EB
Albany, NY 12234.

Upload the completed and signed FS-10F(s) into the district’s Prekindergarten Final Report as indicated on the NYSED Business Portal.

All encumbrances must be made within the approved project funding dates, which are indicated on the approved FS-10 as well as on the Grant Award Notice. When completing the report, the district must use whole dollar amounts. The certification on page 8 of the document must be signed by the district’s Chief Administrative Officer or designee.

For further information about completing the final expenditure report, please refer to the Fiscal Guidelines for Federal and State Aided Grants or contact Grants Finance at grantsweb@mail.nysed.gov or (518) 474-4815. Please remember the following as the form is completed:

- Be sure to check your math and carry all subtotals forward to the Summary on Page 8. Simple mathematical errors often require Grants Finance to contact the district, resulting in unnecessary delays in closeout and final payment. Use whole dollars only.
- The modified direct cost used in the calculation of indirect cost cannot include equipment, minor remodeling, the portion of each subcontract exceeding $25,000 and any flow-through funds.
- Be sure to complete the agency code and project # on Page 8.

**SUFDPK Additional Requirements**

Recipients of discretionary grants are required to meet a specified goal of purchasing from *Minority- and Woman-Owned Business Enterprises (M/WBE)*. Discretionary grants are those where the SED has some option regarding who receives funding. SUFDPK is a discretionary grant. While the funds were awarded through an RFP process, SED issued the Request for Proposals and established the rating criteria. UPK is not a discretionary grant because the State budget language specifies how the funds are to be distributed each year.

Businesses with the M/WBE designation have applied to and been certified by the Department of State. The M/WBE participation goal for this grant is 30% of each applicant’s total discretionary non-personal service budget over the entire term of the grant.

SUFDPK districts must upload their completed M/WBE packet with their SUFDPK application.

The documents that grantees are required to submit varies depending on the level of M/WBE participation the district is proposing, as indicated on the M/WBE cover page. Use the below chart to determine which forms are required for each level of participation.
When completing the M/WBE paperwork the district should:

1. Review the Goal Calculation Worksheet to ensure that the amounts entered are consistent with the Budget Summary page of the FS-10.

2. Ensure that line five of the M/WBE goal calculation worksheet only includes the portion of the budget in purchased services that will be used to pay a public or not-for-profit agency that is collaborating with the district for PreK instructional. Funds being used to pay for-profit agencies for PreK instruction may not be included on this line.

3. Check the cover page to determine the level of participation indicated by the grantee. If a grantee has a goal of $0, they should mark full participation. They have a goal of zero and they will be able to meet that goal.

4. Verify that all required forms were completed and submitted based on the district’s participation level. Check that forms have been signed where required and that all sections of each form are completed and upload them with the application as indicated.

**NOTE:** Each time the SUFDPK district or direct contract agency must submit an FS-10A Budget Amendment the district must submit updated M/WBE paperwork.
