## **Educator Evaluation Plan - Variance**

Raymond Raefski, Acting Superintendent Hawthorne-Cedar Knolls Union Free School District 226 Linda Avenue Hawthorne, NY 10532

Dear Superintendent Raefski:

Congratulations. I am pleased to inform you that your educator evaluation plan ('plan') variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. Your variance is approved for the (insert school years e.g. 2022-23, etc.) school year(s). As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A Rosa
Commissioner

#### NOTE:

Only documents that are incorporated by reference in your plan variance application have been reviewed and are considered as part of your approved plan variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your plan variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

#### Educator Evaluation Variance (Education Law 3012-d)

For guidance related to the Educator Evaluation variance, see NYSED Educator Evaluation Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Educator Evaluation plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

Status Date: 01/24/2023 10:06 AM - Submitted

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved Evaluation plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's Evaluation plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d Evaluation plan, the provisions of the approved variance will apply during the approved term of the variance.

#### **Variance Application Timeline**

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact EvalVariance@nysed.gov.

#### Variance Assurances

Please read the assurances below and check each box.

- ☑ Assure that the contents of this form are in compliance with Education Law Section 3012-d.
- Assure that a detailed version of the LEA's variance is kept on file and that a copy of such variance will be provided to the Department upon request for review of compliance with Education Law Section 3012-d.
- Assure that this variance will be posted on the LEA's website, in addition to its current full Educator Evaluation plan, no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.
- Assure that it is understood that this LEA's variance will be posted in its entirety on the NYSED website following approval.

#### Variance Applicability

#### **Teacher Variance**

Please check each task included in the variance request for teachers.

#### **Principal Variance**

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Status Date: 01/24/2023 10:06 AM - Submitted

Please read the options below and check the appropriate box.

☑ A variance is not requested for any subcomponent or category for principals; all principals will be evaluated using the currently approved Educator Evaluation plan.

#### **Required Student Performance Variance**

A variance may be requested for the following areas of the required student performance subcomponent:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components)
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance)

Status Date: 01/24/2023 10:06 AM - Submitted

- A method for converting student results to a score on a scale from 0-20\*
- A scale for conversion of the score of 0 to 20 to a HEDI rating\*

#### **Applicable Areas**

Please indicate the area(s) of the required student performance subcomponent for which a variance is being requested.

- ☑ Measures of student growth
- ☑ Evidence of student learning
- ☑ Conversion to a 20-point score\*
- ☑ HEDI ranges\*

### **Measures of Student Growth**

Please describe the measure that will be used to evaluate teachers for the required student performance subcomponent (e.g., the SLO goal setting process; SLO components) and identify the group(s) from the applicability page that correspond(s) to the measure.

To include evidence of student learning in this required student performance variance request that is different than the assessments selected in the approved Educator Evaluation plan, please choose 'Evidence of student learning' on the applicability page and complete the information on the subsequent page.

• If there is only one group of applicable teachers for this required student performance variance, select 'Group 1'.

Status Date: 01/24/2023 10:06 AM - Submitted

- If all groups of applicable teachers use the same measure, select 'All applicable teachers listed'.
- Use 'Add Row' to list additional groups that correspond to the row from the applicable teachers table.

	Individual Educational Plans for special education students are reviewed and identify accommodations and modifications that must be provided for individual special education students according to the Individualized Education Program (IEP) for a unit of study in connection to the lesson's learning goal and rubric/scale.
	The Hawthorne Cedar Knolls UFSD will implement the following standard and procedures as alternative measures of student growth and evidence of student learning as a method used to evaluate educators. The Hawthorne Cedar Knolls UFSD will evaluate their teachers through their scores on a district designed rubric.
	The Hawthorne Cedar Knolls UFSD will be collected evidence on specific elements from Domain 1 (Classroom Strategies and Behaviors), 2 (Planning and Preparing) and 4 (Collegiality and Professionalism) of the multi-dimensional rubric that will focus on our instructional program and school culture. The elements focus on creating a personalized and motivating learning environment for students, with a focus on expectations for inclusion of best practices, maximizing instructional time, promoting the use of the technology and developing measures of student growth and/or student learning (scales/rubrics) and an accountability systems for student learning during these continuously changing times.

	*In the event that a teacher earns a score of 1 on all rated components of the rubric across all observations, a score of 0 will be assigned
	The Hawthorne Cedar Knolls UFSD will ensure that the evaluations are rigorous and enable strong and equitable inferences about the educators by reviewing lesson plans, learning goals, scales/rubrics and evidence of student measures of growth and/or student learning. Data will be collected during the school year through a review of lesson plans (learning goals) and scales/rubrics, walk-throughs, meetings and a review of evidence. The evidence will be entered into the iObservation (Marzano) system for all areas on the teacher rubric including tracking student progress.
	The data will then be used to guide each teacher and support students' measurement of growth and/or student learning and the educator's overall practice and outcomes throughout the school year.

#### **Measures Assurance**

Please read the assurance below and check the box.

☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

#### **Variance Details**

Please read the questions below, answer <u>each</u> prompt in a concise manner, and identify the group(s) from the applicability page that correspond(s) to the information provided.

- If one response encompasses all groups of applicable teachers, select 'All applicable teachers listed'.
- Use 'Add Row' to list additional groups that correspond to the row from the applicable teachers table.

#### Rationale

#### Please provide a rationale for this variance request.

	† · · · · · · · · · · · · · · · · · · ·
Applicable Teachers	Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA,
Row Groups	and how such needs and/or challenges inform development of the required student performance variance
	request.
☑ Group 1	The Hawthorne Cedar Knolls UFSD is a 'Special Act" school district that serves students with disabilities. The
	district is focused on research informed best practices in leading individualized instruction which is essential to
	assuring student growth can take place in the variety of models. Engaging students and families and creating a
	learning community that focuses on their classroom instructional program and a positive school culture is the
	real work during these times.
	The Hawthorne Cedar Knolls UFSD is made up of both residential and day students. Our students are referred
	and placed at Hawthorne Cedar Knolls UFSD because they have not been successful at home, in the
	community or in traditional and alternative school settings. Our residential students are placed by the
	Department of Social Services (DSS) or the Office of Mental Health (OMH) and our day students by their local
	Committees on Special Education (CSE). All our students come to us for social-emotional, academic and
	behavioral interventions and supports.
	The Hawthorne Cedar Knolls UFSD continues to focus on the health, safety and social emotional needs of our
	students. We have spent a lot of time adapting and evaluating our instructional program to provide in-person
	and virtual learning opportunities for our students and families. The need to implement different instructional
	approaches and models for teaching and learning is paramount. We also believe that this is equally important
	to implement a different way to measure student performance at the Hawthorne Cedar Knolls UFSD.

#### **Standards and Procedures**

# Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.

Applicable Teachers	This description should provide a specific, detailed explanation of the new and innovative approach that the LEA
Row Groups	is seeking to implement as part of its variance request.
	This description should include, but not be limited to, a description of the alternate measures of student growth
	and/or evidence of student learning that will be used to evaluate educators.
☑ Group 1	The Hawthorne Cedar Knolls UFSD will implement the following standards and procedures as alternative measures of student growth and evidence of student learning as a method used to evaluate educators. The Hawthorne Cedar Knolls UFSD will evaluate their teachers through their students' scores on specifically

# Applicable Teachers Row Groups

This description should provide a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.

Status Date: 01/24/2023 10:06 AM - Submitted

This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.

designed rubrics/scales. The Hawthorne Cedar Knolls UFSD will calculate and score our student performance through the use of scales/rubrics that are designed and connected to a learning goal for each unit of study. The teacher will provide a clearly stated learning goal accompanied by scale/rubric that describes levels of performance relative to the learning goal. The scales will be designed around each specific unit of study with an overall student performance rating from 1-4 for that unit. The teacher will facilitate the tracking of student progress on learning goals using a formative approach to assessment (scale/rubric).

The Principal and/ or Assistant Principal will be responsible for reviewing measurement of student growth and/or evidence of learning through the following procedures:

- · Review of lesson plans and learning goals
- · Review of scales/rubrics
- Conduct a minimum of four walk-throughs focused on evidence of student learning
- Hold a minimum of four meetings with educator to evaluate measurement of student growth and/ or evidence of learning: Review of students' scored scales/rubrics

After each of the four meetings with the educator, the Principal and/or Assistant Principal will evaluate and input the evidence and an effectiveness/evaluation score into the iObservation (Marzano) system for student growth and/or evidence of learning as well as each element on the rubric..

Based on identified elements on the rubric (iObservation) the evidence that will be gathered may include but is not limited to:

- The teacher facilitates tracking of student progress on one or more learning goals using a formative approach to assessment
- The teacher provides students with recognition of their current status and their knowledge gain relative to the learning goal
- The teacher engages students in activities that require recording and representing knowledge, emphasizing creation of a variety of types of models that organize and summarize important content
- The teacher identifies the needs of special education students by providing accommodations and modifications
- Individual Education Plan teacher tracks growth and progress on goals
- The teacher interacts with other teachers in a positive manner to promote and support student learning
- The teacher interacts with students and parents in a positive manner to foster learning and to promote positive home/school relationships
- The teacher seeks help and input from colleagues regarding specific classroom strategies and behaviors
- The teacher is aware of the district's and school's initiatives and participates in them in accordance with his or her talents and availability
- The teacher is aware of the district's and school's rules and procedures and adheres to them Additional Evidence: Lesson Plans, Scales/Rubrics, IEP Progress Reports and Administrative Walk-Throughs

# Rigor Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.

Applicable Teachers	This description should explain how rigor is achieved and maintained, including relevant processes and
Row Groups	methodologies.
	This description may include, but is not limited to, how data will be used to draw inferences, including how the
	derived data informs decisions and guidance for the LEA's educators.
☑ Group 1	The Hawthorne Cedar Knolls UFSD will ensure that the evaluations are rigorous and enable strong and equitable inferences about the educators by reviewing lesson plans, learning goals, scales/rubrics and evidence of student measures of growth and/or student learning. Data will be collected during the school year
	through a review of lesson plans (learning goals) and scales/rubrics, walk-throughs, meetings and a review of evidence. The evidence will be entered into the iObservation (Marzano) system for all areas on the teacher rubric including tracking student progress.  The data will then be used to guide each teacher and support students' measurement of growth and/or student learning and the educator's overall practice and outcomes throughout the school year.

#### **Professional Learning**

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

Applicable Teachers	This description may include, but is not limited to, methodologies and procedures for:
Row Groups	collecting information about educator effectiveness to inform professional learning,
	specific details regarding both the type(s) and extent of professional learning opportunities anticipated,
	processes for delivery of personalized learning opportunities, and
	use of data to measure the efficacy of such professional learning.
☑ Group 1	The Hawthorne Cedar Knolls UFSD will use evidence collected through the evaluation system, including effectiveness ratings, to provide personalized professional development for educators. The following methods

	educators following each of their four (minimum) coaching meetings.
	The Hawthorne Cedar Knolls UFSD will provide a minimum of four professional learning opportunities to
	educators. Those professional learning opportunities will be provided through in-house workshops, regional
	BOCES, iObservation (Marzano) services and other providers. The Hawthorne Cedar Knolls UFSD will provide
	professional learning opportunities that are both school wide and educator specific (recommended)
	workshops/trainings.
	The Principal and/ or Assistant Principal will be responsible for planning professional development opportunities
	for their educators as well as recommending and assigning individualized opportunities as needed, based on

Row Groups	collection and analysis of both short- and long-term data,
	the standard(s) used to measure the effectiveness of implementation, and
	how results will be used to inform future implementation.
☑ Group 1	The Hawthorne Cedar Knolls UFSD will assess the effectiveness of the implementation of the variance by
	collecting short term and long term data. The short-term data will be reviewed after each of the four (minimum)
	meetings with the educators. This will include a review of the evidence, effectiveness rating and professional
	learning recommendations. The long term data will be reviewed at the end of each calendar year by the district
	administrative team. The review of long term data will analyze the teachers' effectiveness rating in correlation to
	the students' measurement of growth and/or student learning. The team will look at the effectiveness of the
	variance for both the school (group of educators) and individual educators.
	The Hawthorne Cedar Knolls UFSD will evaluate the effectiveness of implementation based on an analysis of

## Revised

Raymond Raefski, Superintendent Hawthorne-Cedar Knolls Union Free School District 226 Linda Avenue Hawthorne. NY 10532

Dear Superintendent Raefski:

Congratulations. I am pleased to inform you that your educator evaluation plan ("plan") meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your educator evaluation form, including the certifications and assurances that are part of your approved plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visit category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visit category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely

Betty A. Rosa
Commissioner

#### Educator Evaluation - Ed Law §3012-d, amended in 2019

Task 1. General Information - Disclaimers and Assurances

Page Last Modified: 09/13/2022

#### **Disclaimers**

For guidance related to Educator Evaluation plans, see NYSED Educator Evaluation Guidance. For a definition of terms related to Educator Evaluation, see the Educator Evaluation Glossary.

Status Date: 12/22/2022 11:01 AM - Approved

The Department will review the contents of each local educational agency's (LEA) Educator Evaluation plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this Educator Evaluation plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the Educator Evaluation plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this Educator Evaluation plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

#### **Educator Evaluation Assurances**

#### Please read the assurances below and check each box.

- ☑ Assure that the content of this form represents the LEA's entire Educator Evaluation plan and that the Educator Evaluation plan is in compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that a detailed version of the LEA's entire Educator Evaluation plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that this Educator Evaluation plan will be posted on the LEA's website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.
- Assure that it is understood that this LEA's Educator Evaluation plan will be posted in its entirety on the NYSED website following approval.

#### Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used as the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

Status Date: 12/22/2022 11:01 AM - Approved

#### **MEASURES**

SLO measures may be either individually attributed or collectively attributed.

#### Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

#### Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.
- > Collectively attributed results: scores and ratings will be based on the growth of all students in a school or program or students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- > <u>Collectively attributed group or team results</u>: scores and ratings for a group or team of teachers will be based on the growth of <u>students in the</u> <u>group/team of teachers' courses</u> or <u>students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.</u>
- > Collectively attributed linked results: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

#### **ASSESSMENTS**

Any of the measures above may be used with one or more of the following assessment types.

• State assessment(s); or

#### **SLO Assurances**

#### Please read the assurances below and check each box.

- ☑ Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent

Page Last Modified: 09/14/2022

#### **Optional Student Performance Subcomponent**

For guidance on the optional subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Status Date: 12/22/2022 11:01 AM - Approved

Options for measures and associated assessments include:

- · Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or Statedesigned supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the optional subcomponent will be used by making the appropriate selection below.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. TEACHERS: Observations - Rubric and Scoring

#### **Teacher Observation Category**

For guidance on the Teacher Observation category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

#### **Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess teacher practice based on the NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized,
	please indicate the group(s) of
	teachers each rubric applies to.
Marzano's Causal Teacher Evaluation Model	(No Response)

#### Please read the assurances below and check each box.

- Assure that the same rubric(s) is (are) used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is (are) used for all observations of a classroom teacher across the observation types in a given school year.

#### **Rubric Rating Process**

For more information on the Teacher Observation category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score teacher observations using the selected practice rubric: Domains 1-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each observation, evidence is collected for all observed subcomponents in a domain. A holistic domain score is then determined for each teacher. These domain scores are weighted as indicated above to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the observation cycle.

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

#### Please read the assurances below and check each box.

- ☑ Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- ☑ Assure that all components of the selected practice rubric designated as observable are assessed at least once and that each of the NYS Teaching Standards is covered across the total number of annual observations.
- Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- Assure that the process for assigning scores and/or ratings for each teacher observation is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 10/04/2022

#### At what level are the observable components of the selected rubric(s) rated?

☑ Subcomponent level (each observable subcomponent receives a rating)

#### How are the observable components of the selected rubric(s) weighted?

☑ Each component is weighted equally and averaged

#### **Scoring the Observation Category**

If an evaluator conducts multiple observations of the same type, how are those observations weighted? Examples of observations of the same type include but are not limited to:

• Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.

Status Date: 12/22/2022 11:01 AM - Approved

• Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.

☑ Multiple observations of the same type are weighted equally

#### Please read the assurances below and check each box.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

#### **Teacher Observation Scoring Bands**

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category					
	Score and Rating					
	Minimum	Maximum				
н	3.5 to 3.75	4.0

# **Teacher Observation Subcomponent Weighting**

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least 80% of the Teacher Observation category score

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\*

- At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent: Observations by Trained Peer Observer(s)

- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

\* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Task 4. TEACHERS: Observations - Teacher Observations

Page Last Modified: 10/04/2022

#### **Teacher Observation**

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of observations are locally determined.
- · Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
- LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.

Status Date: 12/22/2022 11:01 AM - Approved

## **Required Subcomponents**

• At least one of the required observations must be unannounced (across both required subcomponents).

### Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

• At least one observation must be conducted by the building principal or other trained administrator.

### Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\*

- At least one observation must be conducted by an impartial independent trained evaluator.
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.
- \* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

# Optional Subcomponent: Observations by Trained Peer Observer(s)

- If selected, at least one observation must be conducted by a trained peer observer.
- Peer teachers are trained and selected by the LEA. Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.

### **Observation Assurances**

### Please read the assurances below and check each box.

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☑ Assure that at least one of the required observations will be unannounced.

### **Number and Method of Observation**

- At least one of the required observations must be unannounced (across both required subcomponents).
- Required Subcomponent 1: At least one observation must be conducted by the building principal or other

trained administrator (supervisor).

• Required Subcomponent 2: At least one observation must be conducted by an impartial independent trained evaluator (independent evaluator).

## Does the information in the table above apply to all teachers?

☑ Yes, all teachers receive the same number of observations of each type by the same method(s).

### **Independent Evaluator Assurances**

Please read the assurances below and check each box.

- ☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.
- ☑ Assure that independent evaluator(s) will be trained and selected by the LEA.

Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the LEA's approved Section 3012-d Educator Evaluation plan, the provisions of the approved waiver will apply. See Section 30-3.4(c)(1)(ii)(b) of the Rules of the Board of Regents.

### **Peer Observation Assurances**

Please read the assurances below and check each box.

- ☑ Assure that peer observers, as applicable, will be trained and selected by the LEA.
- Assure that, if observations are being conducted by trained peer observers, these teachers received an overall rating of Effective or Highly Effective in the previous school year.

### **Additional Requirements**

For more information on the additional requirements for teachers, see NYSED Educator Evaluation Guidance.

## **Teacher Improvement Plan Assurances**

### Please read the assurances below and check each box.

Assure that the LEA will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

Status Date: 12/22/2022 11:01 AM - Approved

Assure that TIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

# **Teacher Improvement Plan Forms**

All TIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
- 4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this Educator Evaluation plan, upload the TIP forms that are used in the LEA.

Assure that the LEA has collectively bargained appeal procedures that are consistent with the regulations and provide for the timely and expeditious resolution of an appeal.

Status Date: 12/22/2022 11:01 AM - Approved

☑ Assure that an appeal shall not be filed until a teacher's receipt of their overall rating.

## **Appeals**

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review [evaluation]; which shall include the following:
- (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

### Please read the assurance below and check the box.

☐ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on, at a minimum, elements 1, 2, and 4 below.

Status Date: 12/22/2022 11:01 AM - Approved

- 1. The New York State Teaching Standards, and their related elements and performance indicators
- 2. Evidence-based observation techniques that are grounded in research
- 3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its teachers
- 4. Application and use of the State-approved teacher rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice
- 5. Application and use of any assessment tools that the LEA utilizes to evaluate its classroom teachers
- 6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its teachers
- 7. Use of the Statewide Instructional Reporting System
- 8. The scoring methodology utilized by the Department and/or the LEA to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
- 9. Specific considerations in evaluating teachers of English language learners and students with disabilities

☑ 1-3 days

### Retraining

Approximately how many hours of re-training (annual, periodic, or other frequency) will evaluators receive?

Status Date: 12/22/2022 11:01 AM - Approved

☑ 2-6 hours

### **Certification of Lead Evaluators**

How often are lead evaluators certified?

☑ Annually

Please identify the party responsible for the certification and re-certification of lead evaluators.

**☑** BOCES

## Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the observation process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that observations are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability. *Please check all that apply.* 

- ☑ Periodic comparisons of an evaluator's assessment of the same classroom teacher
- ☑ Periodic calibration meetings and/or trainings

### **Teacher Evaluation Assurances**

### Please read the assurances below and check each box.

Assure that the LEA shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's evaluation, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

Status Date: 12/22/2022 11:01 AM - Approved

- ☑ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☑ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any locally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

#### **Assessment Assurances**

# Please read the assurances below and check each box.

- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

### **Data Assurances**

### Please read the assurances below and check each box.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure that scores for all teachers will be reported to SED for each subcomponent, as well as the overall rating, as per SED requirements.
- ☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

## **Required Student Performance Measures**

The required student performance measure for a principal may be either a student learning objective (SLO) or an input model, where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

Status Date: 12/22/2022 11:01 AM - Approved

#### STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

### Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> *Individually attributed results*: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

#### Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.
- > Collectively attributed results: scores and ratings for the selected principals will be based on the growth of students in an LEA who take the applicable assessments in the current school year.
- > Collectively attributed group or team results: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

#### **ASSESSMENTS**

Any of the measures above may be used with one or more of the following assessment types.

• State assessment(s); or

Assessment(s) that are selected from the list of State-approved:

- third party assessments; or
- locally-developed assessments (district-, BOCES-, or regionally-developed).

### **INPUT MODEL**

Selection of the Input Model will require:

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

## Measure Type(s)

Please indicate below which type(s) of measures will be used to evaluate principals. Please check all that apply.

### **Assurances**

Please read the assurances below and check each box.

- ☑ Assure that processes are in place for the superintendent to monitor SLOs and/or input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all programs or buildings with the same grade configuration in the LEA and be a locally selected measure of student growth or achievement based on State-created or - administered assessments or State-designed supplemental assessments.

Status Date: 12/22/2022 11:01 AM - Approved

Options for measures and associated assessments include:

- · Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or Statedesigned supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- Option (F) Four, five, or six-year high school graduation rates;
- Option (G) An input model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the optional subcomponent will be used by making the appropriate selection below.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Page Last Modified: 10/04/2022

# **Principal School Visit Category**

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

Status Date: 12/22/2022 11:01 AM - Approved

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

# **Principal Practice Rubric**

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

	If more than one rubric is utilized, please indicate the group(s) of
	principals each rubric applies to.
Marzano School Leader Evaluation Model (2013)	(No Response)

#### Please read the assurances below and check each box.

- Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

### **Rubric Rating Process**

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

01/19/2023 10:05 AM Page 38 of 61

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 10/04/2022

#### Please read the assurances below and check each box.

- Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- Assure that all components of the selected practice rubric designated as observable are assessed at least once, and that each of the ISLLC 2008 Leadership Standards (PSEL standards beginning in 2024-25) is covered, across the total number of annual school visits.

Status Date: 12/22/2022 11:01 AM - Approved

- Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- Assure that the process for assigning scores and/or ratings for each principal school visit is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

## At what level are the observable components of the selected rubric(s) rated?

☑ Subcomponent level (each observable subcomponent receives a rating)

## How are the observable components of the selected rubric(s) weighted?

☑ Each component is weighted equally and averaged

# Scoring the School Visit Category

If an evaluator conducts multiple school visits of the same type, how are those school visits weighted? Examples of school visits of the same type include but are not limited to:

- Two school visits by the superintendent with one early in the school year to discuss organizational goals and areas for progress weighted at 40% and one late in the school year to present evidence aligned to goals and areas for progress weighted at 60%
- Several school visits by the principal with one holistic score for each component of the rubric based on evidence collected and observed over the course of the school year.

Please note: Weighting across school visit type (i.e. Supervisor vs. Independent Evaluator) are described in the following section.

☑ Multiple school visits of the same type are weighted equally

# Please read the assurances below and check each box.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in the next section, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

# **Principal School Visit Scoring Bands**

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.75	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Effective:		
	2.50	3.74

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

	Minimum Rubric Score	Maximum Rubric Score
Developing:	1.50	2.49

Please choose 0.00 as the minimum value and select a maximum value between 1.49 and 1.74 for the Ineffective range.

	Minimum Rubric Score	Maximum Rubric Score
Ineffective:	0.00	1.49

# **Principal School Visit Subcomponent Weighting**

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: School visits by Supervisor(s) or Other Trained Administrator(s)

- At least 80% of the Principal School Visit category score

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)\*

- At least 10%, but no more than 20%, of the Principal School Visit category score

Optional Subcomponent: School visits by Trained Peer Principal(s)

- No more than 10% of the Principal School Visit category score when selected

Please be sure the total of the weights indicated equals 100%.

\* The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Task 9. PRINCIPALS: School Visits - Principal School Visits

Page Last Modified: 10/04/2022

### **Principal School Visits**

The principal school visit category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.
- LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.

Status Date: 12/22/2022 11:01 AM - Approved

### **Required Subcomponents**

• At least one of the required school visits must be unannounced (across both required subcomponents).

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

• At least one school visit must be conducted by the superintendent or other trained administrator.

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)\*

- At least one school visits must be conducted by an impartial independent trained evaluator.
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.
- \* The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

### Optional Subcomponent: School Visits by Trained Peer Principal(s)

- If selected, at least one school visit must be conducted by a trained peer principal.
- Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

#### School Visit Assurances

## Please read the assurances below and check each box.

- Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- ☑ Assure that at least one of the required school visits will be unannounced.
- ☑ Assure that school visits will not be conducted via video.

### **Number of School Visits**

- At least one of the required school visits must be unannounced (across both required subcomponents).
- Required Subcomponent 1: At least one school visit must be conducted by the superintendent or other trained

administrator (supervisor).

• Required Subcomponent 2: At least one school visit must be conducted by an impartial independent trained evaluator (independent evaluator).

Status Date: 12/22/2022 11:01 AM - Approved

• Optional Subcomponent: If selected, at least one school visit must be conducted by a trained peer principal (peer principal).

### Please use the table below to enter the minimum number of school visits for each type listed.

	Minimum Number of School Visits
Announced Supervisor School Visits (Required Subcomponent 1)	1
Unannounced Supervisor School Visits (Required Subcomponent 1)	0
Announced Independent Evaluator School Visits (Required Subcomponent 2)	0
Unannounced Independent Evaluator School Visits (Required Subcomponent 2)	1
Announced Peer School Visits (Optional)	0
Unannounced Peer School Visits (Optional)	0

### Does the information in the table above apply to all principals?

☑ Yes, all principals receive the same number of school visits of each type.

## **Independent Evaluator Assurances**

Please read the assurances below and check each box.

- ☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.
- Assure that independent evaluator(s) will be trained and selected by the LEA.

# Please also read the additional assurances below and check each box.

- Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. See Section 30-3.5(c)(1)(ii)(a) of the Rules of the Board of Regents.
- Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the LEA's approved Section 3012-d Educator Evaluation plan, the provisions of the approved waiver will apply. See Section 30-3.5(c)(1)(ii)(b) of the Rules of the Board of Regents.

## **Peer School Visit Assurances**

Please read the assurances below and check each box.

- ☑ Assure that peer principals, as applicable, will be trained and selected by the LEA.
- ☑ Assure that, if school visits are being conducted by trained peer principal(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.

Page Last Modified: 09/21/2022

# **Category and Overall Ratings**

For guidance on Educator Evaluation scoring, see NYSED Educator Evaluation Guidance.

# **Category Scoring Ranges**

The overall Student Performance category score and the overall School Visit category score will be converted into a HEDI rating based on the ranges listed in the tables below.

# **Student Performance Category**

HEDI ratings must be assigned based on the point distribution below.

## **Principal School Visit Category**

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

Status Date: 12/22/2022 11:01 AM - Approved

	Overall Student Performance Category Score and Rating		
	Minimum	Maximum	
Н	18	20	
E	15	17

н	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
ı	0.00	1.49 to 1.74

## Scoring Matrix for the Overall Rating

The overall rating for an educator shall be determined according to a methodology described in the matrix below.

		Principal School Visit Category			
		Highly Effective (H)	Effective (E)	Developing (D)	Ineffective (I)
Student Performance	Highly Effective (H)	Н	Н	E	D
Category	Effective (E)	Н	E	E	D
	Developing (D)	E	E	D	I
	Ineffective (I)	D	D	I	ı

# **Category and Overall Rating Assurances**

Please read the assurances below and check each box.

- ☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- $\ensuremath{\square}$  Assure that it is possible to obtain a zero in each subcomponent.
- ☑ Assure the overall rating determination for a principal shall be determined according to the evaluation matrix.

Task 11. PRINCIPALS: Additional Requirements - Principal Improvement Plans

Page Last Modified: 09/21/2022

### **Additional Requirements**

For guidance on additional requirements for principals, see NYSED Educator Evaluation Guidance.

## **Principal Improvement Plan Assurances**

### Please read the assurances below and check each box.

Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.

Status Date: 12/22/2022 11:01 AM - Approved

Assure that PIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

### **Principal Improvement Plan Forms**

All PIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
- 4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this Educator Evaluation plan, upload the PIP forms that are used in the LEA.

Task 11. PRINCIPALS: Additional Requirements - Appeals

Page Last Modified: 10/04/2022

# **Appeals Assurances**

# Please read the assurances below and check each box.

Assure that the LEA has collectively bargained appeal procedures that are consistent with the regulations and provide for the timely and expeditious resolution of an appeal.

Status Date: 12/22/2022 11:01 AM - Approved

☑ Assure that an appeal shall not be filed until a principal's receipt of their overall rating.

## **Appeals**

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review [evaluation]; which shall include the following:
- (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

#### **Training Assurance**

#### Please read the assurance below and check the box.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on, at a minimum, elements 1, 2, and 4 below.

Status Date: 12/22/2022 11:01 AM - Approved

- 1. The Leadership Standards and their related functions, as applicable
- 2. Evidence-based observation techniques that are grounded in research
- 3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its principals
- 4. Application and use of the State-approved principal rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice
- 5. Application and use of any assessment tools that the LEA utilizes to evaluate its building principals
- 6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its principals
- 7. Use of the Statewide Instructional Reporting System
- 8. The scoring methodology utilized by the Department and/or the LEA to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings
- 9. Specific considerations in evaluating principals of English language learners and students with disabilities

## Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

#### **Evaluator Training**

Please identify the entity responsible for training and retraining evaluators.

Check all that apply.

☑ BOCES (BOCES trains component district)

#### Please read the assurance below and check the box.

Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

#### Initial training

#### Do all evaluators receive the same initial training?

☑ Yes, all evaluators receive the same initial training.

Task 11. PRINCIPALS: Additional Requirements - Training

Page Last Modified: 10/04/2022

Approximately how many hours of initial training will new evaluators receive?

☑ 1-3 days

#### Retraining

Approximately how many hours of re-training (annual, periodic, or other frequency) will evaluators receive?

Status Date: 12/22/2022 11:01 AM - Approved

☑ 2-6 hours

**Certification of Lead Evaluators** 

How often are lead evaluators certified?

☑ Annually

Please identify the party responsible for the certification and re-certification of lead evaluators.

**☑** BOCES

#### Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.

Please check all that apply.

- ☑ Periodic comparisons of an evaluator's assessment of the same building principal
- ☑ Periodic calibration meetings and/or trainings

#### **Principal Evaluation Assurances**

#### Please read the assurances below and check each box.

Assure that the LEA shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's evaluation in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

Status Date: 12/22/2022 11:01 AM - Approved

- ☑ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☑ Assure that principals will receive timely and constructive feedback as part of the evaluation process.
- Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any principal's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any locally-developed assessment that has not been approved by the department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

#### **Assessment Assurances**

#### Please read the assurances below and check each box.

- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

#### **Data Assurances**

#### Please read the assurances below and check each box.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- ☑ Assure that scores for all principals will be reported to SED for each subcomponent, as well as the overall rating, as per SED requirements.
- ☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

#### HAWTHORNE CEDAR KNOLLS UFSD

## Principal In-Put Model Annual Professional Performance Review (APPR)

#### **September 2022 – June 2023**

**Evidence of Student Learning** 

**District Designed Rubric:** Focus will be on the ISSLLC standard 1 "Visionary Leadership" (PSEL Standard 1: MISSION, VISION, AND CORE VALUES) and standard 2 "School Culture and Instruction Program" (PSEL Standard 3: EQUITY AND CULTURAL RESPONSIVENESS, Standard 4: CURRICULUM, INSTRUCTION, AND ASSESSMENT and Standard 5: COMMUNITY OF CARE AND SUPPORT FOR STUDENTS)

Evidence of the principal's leadership: Based on identified elements on the rubric the evidence that will be gathered may include but is not limited to:

- Weekly reports
- Meeting notes
- Communications
- Professional development materials
- Observations/building
- Walk-throughs

The Hawthorne Cedar Knolls UFSD is committed to maintaining a rigorous evaluation process that focuses on best practices for instruction and overall school culture. We have target the following areas in these areas:

- Visionary Leadership
- School Culture and Instruction Program

The Hawthorne Cedar Knolls UFSD will implement the following standards and procedures as alternative measures of student growth and evidence of student learning as a method used to evaluate principals. The Hawthorne Cedar Knolls UFSD will evaluate their principals through their scores on a district designed rubric.

The Hawthorne Cedar Knolls UFSD will be collected evidence on specific elements from ISSLLC Standard 1 "Visionary Leadership" and Standard 2 "School Culture and Instruction Program" of the multi-dimensional rubric that will focus on our instructional program and school culture.

The elements focus on creating a personalized and motivating teaching and learning environment for staff and students, with a focus on expectations for inclusion of best practices, maximizing instructional time, promoting the use of the technology and developing measures of student growth and/ or student learning and an accountability systems for student learning during these continuously changing times. The **five elements** are:

- Standard 1: Visionary Leadership Dispositions: The administrator believes in, values, and is committed
- Standard 2: School Culture and Instruction Program Culture: Attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders
- Standard 2: School Culture and Instruction Program **Instructional Program:** Design and delivery of high quality curriculum that produces clear evidence of learning
- Standard 1 & 2: Visionary Leadership & School Culture and Instruction Program Capacity Building: Developing potential and tapping existing internal expertise to promote learning and improve practice
- Standard 1 & 2: Visionary Leadership & School Culture and Instruction Program –
   Sustainability: A focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future

\*PSEL Standard 1: MISSION, VISION, AND CORE VALUES, Standard 3: EQUITY AND CULTURAL RESPONSIVENESS, Standard 4: CURRICULUM, INSTRUCTION, AND ASSESSMENT and Standard 5: COMMUNITY OF CARE AND SUPPORT FOR STUDENTS

The Superintendent or his/her designee will be responsible for reviewing evidence for elements on the rubric. Based on identified elements of the rubric, the evidence gathered may include but is not limited to: Evidence of the principal's leadership in the identified areas such as:

- Weekly reports
- Meeting notes
- Communications
- Professional Development (PD) materials
- Observations/building, walk-throughs etc. Conduct a minimum of four walk-throughs focused on evidence of five elements on designed rubric
- Hold a minimum of four meetings (March June) with educator to review evidence on designed on rubric.

After each of the four meetings (September-June) with the Principal the Superintendent or his/her designee will collect and evaluate evidence and assign an effectiveness/evaluation score (1-4) for each of the five element on the rubric including student measurements of growth and/or learning.

- 1. Ineffective
- 2. Developing
- 3. Effective
- 4. Highly Effective

Evidence on each of the five identified observable elements will be given a rating based on the rubric scale of 1.0-4.0 and added together for a possible total of 20 points

H - 17-20

E - 13-16

D - 10-12

1 - 0 - 9

\*In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned

The Hawthorne Cedar Knolls UFSD will ensure that the evaluations are rigorous and enable strong and equitable inferences about each Principal's performance by reviewing weekly reports submitted to Superintendent or his/her designee, evaluations and feedback for educators, Professional Development (PD), Professional Learning materials/recommendations, PBIS program, School Culture Committee notes and recommendations, Principal Direct Meeting Agendas, Building walk-throughs and evidence of student learning. Data will be collected during the school year. A review of the data will be used to guide each Principal throughout the school year and support best practice for students' measurement of growth and/or student learning through their support of their educator's overall practice and outcomes throughout the school year.

The Hawthorne Cedar Knolls UFSD will use evidence collected through the evaluation system, including effectiveness ratings, to provide personalized professional development for Principals. The following methods will be used:

All Principals will complete a self-assessment review meeting and three follow up review meetings with an end of the year review with the Superintendent or his/her designee. During the review meetings the Principal will provide evidence of their teachers' effectiveness, interventions and supports, professional learning opportunities and measurement of student growth. Subsequently, the Principal will be provided an effectiveness rating with feedback, recommendations, supports and professional development opportunities.

The Hawthorne Cedar Knolls UFSD will provide a minimum of four professional learning opportunities to Principals. Those professional learning opportunities will be provided through in-house workshops, regional BOCES, iObservation (Marzano) services and other providers. The Hawthorne Cedar Knolls UFSD will provide professional learning opportunities that are both district wide and principal specific (recommended) workshops/trainings.

The Superintendent or his/her designee will be responsible for planning/providing professional development opportunities for their Principals as well as additional individualized recommendations based on their effectiveness rating.

The Hawthorne Cedar Knolls UFSD will use PD surveys to collect data to measure efficacy of professional development for Principals.

The Hawthorne Cedar Knolls UFSD will assess the effectiveness of the implementation of the variance by collecting short term and long term data. The short-term data will be reviewed at mid-year and *end of the year* meetings with the Principals. This will include a review of their evidence and professional learning opportunities in correlation with their teachers' effectiveness on measurement of student growth and/or student learning, lesson plan design, instructional practices and overall influence on school culture and community. The long term data of Principals' effectiveness, ratings and impact on their teachers' students' performance and/or learning will be reviewed at the end of each calendar year to determine the effectiveness of the variance.

The Hawthorne Cedar Knolls UFSD will evaluate the effectiveness of implementation based on an analysts of evidence collected and reviewed after each of the four meetings, coaching feedback, professional learning opportunities and overall effectiveness ratings of the Principal.

The Hawthorne Cedar Knolls UFSD will use the data collected to guide future implementation. The Hawthorne Cedar Knolls UFSD Superintendent or his/her designee will review data, evaluate results and implement any supports, interventions and adjustments that are needed.

The Hawthorne Cedar Knolls UFSD is focused on research informed best practices in leading individualized instruction is essential to assuring student growth can take place across a variety of models. Leading school-wide learning communities and reimagining the instructional program while maintaining a positive school culture is the real work. Models for instruction are fluid and likely to change over the coming months and years. Evidence will be collected on specific elements from the identified domains of the Rubric: Domain 1 – Visionary Leadership and 2 - School Culture and Instructional Program. The elements focus on creating a personalized and motivating learning environment for students, supervising instruction with a focus on expectations for inclusion of best practices, maximizing instructional time, promoting the use of the most effective and appropriate technologies and developing assessment and accountability systems for student learning. \*PSEL Standard 1: MISSION, VISION, AND CORE VALUES, Standard 3: EQUITY AND CULTURAL RESPONSIVENESS, Standard 4: CURRICULUM, INSTRUCTION, AND ASSESSMENT and Standard 5: COMMUNITY OF CARE AND SUPPORT FOR STUDENTS

#### Domain 1 - Visionary Leadership

A school administrator is an educational leader who promotes the success of all students facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community.

	Ineffective 1	Developing 2	Effective 3	Highly Effective
Dispositions: The administrator believes in, values, and is committed	Acknowledges the need for communication and collaboration	Considers proposals for collaborative structures and projects	Supports various teaching and learning models, provides training opportunities and encourages staff to work together	The administrator believes in and conveys school values and is committed to the educability of all students regardless of the learning model (In-person or remote/virtual)
	Does not communicate expectations and has not collaboratively worked with members of the school community to develop a plan	Provides mixed messages related to school expectations and does not have a clear plan for improvement	Promotes high expectations for his or her school and works closely with all the members of the school community	Develops a school vision of high standards of learning that focuses on continuous school improvement and the inclusion of all members of the school community
	Lacks professionalism, commitment and do the work required for high level of personal and organizational performance	Professional, committed and hard working but does not actively reflect, examine and connect to high level of personal and organizational performance	Committed to doing the work required for high level of personal and organizational performance but does not actively reflect to help guide decision making	A willingness to continuously examine one's own assumptions, beliefs, and practices while doing the work required for high level of personal and organizational performance

#### **Domain 2 – School Culture and Instructional Program**

An education leader promotes the success of every student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

	Ineffective 1	<b>Developing</b> 2	Effective 3	Highly Effective
Culture (attitudes, knowledge, behaviors and beliefs that characterize the school environment and are shared by its stakeholders)	Acknowledges the need for communication and collaboration  Provides selected individuals with basic information about various collaborative teaching, learning and work- related concepts or practices to several individuals  Creates a learning environment that relies on teacher-controlled classroom activities, rote learning, student compliance and learning opportunities that are disconnected from students' experiences, needs or cultures	Considers proposals for collaborative structures and projects  Encourages selected staff to expand their understanding of particular practices that support collaboration such as collaborative planning, cofacilitation or integrated curriculum design  Creates a learning environment in which students are passive recipients in learning opportunities that are only peripherally connected to their experiences or cultures	Supports various teaming opportunities, common planning and inquiry time, and visitations within the organization to increase learning and improve practice  Develops a culture of collaboration, trust, learning, and high expectations by encouraging staff to work together on key projects (e.g., induction processes, program design, integrated curriculum, or other individual or organizational projects)  Creates a personalized and motivating learning environment for students in which they are involved in meaningful and relevant learning opportunities that they recognize as connected to their experiences, needs and cultures	Establishes different ways of accessing staff expertise and work by promoting activities such as lab sites, peer coaching, mentoring, collegial inquiry, etc. as an embedded part of practice  Nurtures and sustains a culture of collaboration, trust, learning, and high expectations by providing structured opportunities for cross role groups to design and implement innovative approaches to improving learning, work and practice  Engages stakeholders (e.g., students, staff, parents) in developing and sustaining a learning environment that actively involves students in meaningful, relevant learning that is clearly connected to their experiences, culture and futures, and require them to construct meaning of concepts or processes in deductive or inductive ways

	Ineffective 1	Developing 2	Effective 3	Highly Effective
Instructional Program (design and delivery of high quality curriculum that produces clear evidence of learning)	Promotes a curricular program that provides students with limited, surface or cursory exposure to a topic, concept or skill set and establishes or defines meaning for students, focusing on the recall of isolated concepts, skills and/or facts	Establishes a curricular program focused primarily on recall, comprehension and factual knowledge acquisition that enables students to develop a basic understanding of a topic and/or process and includes few, if any, opportunities for them to construct meaning	Creates a comprehensive, rigorous, and coherent curricular program that address all levels of thinking, enables students to develop knowledge and skills related to a concept, problem, or issue, and supports their construction of meaning during the most important lessons and tasks	Engages students and teachers in designing and revising a learner-centered curricular program that integrates basic and higher levels of thinking throughout and provides opportunities for students to emulate professionals and construct meaning as they engage in a thorough exploration of a concept, problem, issue, or question
	Maintains a hands off approach to instruction	Provides mixed messages related to expectations for instructional methodology and own understanding of "best practices"	Supervises instruction and makes explicit the expectation that teachers remain current in research-based, best practices and incorporate them into their own work	Supervises instruction on an ongoing basis, and engages in collegial opportunities for learning, action research and/or inquiry related to best practices in teaching and learning
	Initiates actions that interrupt instructional time and distract from learning (e.g., meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.)	Allows actions that disrupt instructional time and distract from learning (e.g. meetings, announcements, unplanned assemblies, phone calls to teachers in classrooms, etc.)	Maximizes time spent on quality instruction by protecting it from interruptions and inefficient scheduling, minimizing disruption to instructional time	Involves diverse stakeholders in uncovering issues that challenge time spent on quality instruction and in innovative approaches to dealing with them

	Ineffective 1	Developing 2	Effective 3	Highly Effective 4
Capacity Building (developing potential and tapping existing internal expertise to promote learning and improve practice)	Assumes titled leaders are able to handle administrative responsibilities and teachers to be able to instruct students	Invests in activities that promote the development of a select group of leaders	Develops the instructional and leadership capacity of staff	Develops and taps the instructional and leadership capacity of all stakeholders in the school organization to assume a variety of formal and informal leadership roles in the school
	Is unaware of effective and appropriate technologies available	Provides the necessary hardware and software, and establishes the expectation that teachers will integrate technology into student learning experiences	Promotes the use of the most effective and appropriate technologies to support teaching and learning and ensures that necessary resources are available	Engages varied perspectives in determining how to best integrate the use of the most effective and appropriate technologies into teaching, learning and the daily workings of the school organization

	Ineffective	Developing	Effective	Highly Effective
	1	2	3	4
Sustainability (a focus on continuance and meaning beyond the present moment, contextualizing today's successes and improvements as the legacy of the future)	Uses "accountability" to justify a system that links student achievement with accolades and blame	Assessment and accountability systems, though in place, are misaligned so that it is difficult to see how data from one explicitly relates to or informs the other	Develops assessment and accountability systems to monitor student progress, uncover patterns and trends, and provide a way to contextualize current student strengths and needs inside a history that connects changes in teaching and learning to student achievement	Facilitates regular use of easily accessible assessment and accountability systems that enable students, teachers, and parents to monitor student progress, teacher learning, uncover patterns and trends, and provides a way to contextualize student achievement, both inside history and projected into the future.

### LEA CERTIFICATION FORM: Please download, sign, and upload this form to complete the submission of your LEA's Educator Evaluation plan.

By signing this document, the LEA and its collective bargaining agent(s) certify that the Educator Evaluation plan submitted to the Commissioner for approval constitutes the school LEA's complete Educator Evaluation plan, that all provisions of the plan that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law, and that such plan complies with the requirements of Education Law §3012-d as amended by the Laws of 2019 and Subpart 30-3 of the Rules of the Board of Regents, and has been adopted by the governing body of the LEA.

The LEA and its collective bargaining agent(s), where applicable, also certify, upon information and belief, that all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using the Educator Evaluation plan submitted to the Commissioner for approval.

The LEA and its collective bargaining agent(s), where applicable, also certify that this Educator Evaluation plan is the LEA's complete Educator Evaluation plan and that such plan will be fully implemented by the LEA; that there are no collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent, conflict, or interfere with full implementation of the Educator Evaluation plan; and that no material changes will be made to the Plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-3 of the Rules of the Board of Regents.

The school district and its collective bargaining agent(s), where applicable, also acknowledge that if approval of this Educator Evaluation plan is rejected or rescinded for any reason, any State aid increases received as a result of the Commissioner's approval of this Educator Evaluation plan may be withheld or forfeited by the State pursuant to Education Law §3012-d(11).

## The LEA and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their Educator Evaluation plan:

- Assure that the overall Educator Evaluation rating will be used as a significant factor in employment decisions, including but not limited to: tenure determinations and teacher and principal improvement plans;
- Assure that the entire Educator Evaluation will be completed for each teacher or principal as soon as practicable but in no case later than September 1 of the school year following the year in which the classroom teacher or building principal's performance is being measured;
- Assure that the LEA shall compute and provide to the teacher/principal their score and rating on the Student Performance
  category, if available, and for the Teacher Observation category or Principal School Visit Category of a teacher's or principal's
  APPR, in writing, no later than the last day of the school year for which the teacher or principal is being measured, but in no
  case later than September 1 of the school year following the year in which the teacher's or principal's performance is
  measured:
- Assure that the Educator Evaluation plan will be filed in the LEA's office and made available to the public on the LEA's website
  no later than September 10th of each school year or within 10 days after the plan's approval by the Commissioner, whichever
  shall later occur;
- Assure that complete and accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner;
- Assure that the LEA will continue to report to the State individual subcomponent scores and the overall rating for each
  classroom teacher and building principal in a manner prescribed by the Commissioner;
- Assure that the LEA provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them;
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process;
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English language learners and students with disabilities;
- Assure that any teacher or principal who receives an Overall Rating of Developing or Ineffective in any school year will receive
  a Teacher Improvement Plan or Principal Improvement Plan, in accordance with all applicable statues and regulations, by
  October 1 of the school year following the year in which such teacher's or principal's performance was measured or as soon as
  practicable thereafter.
- Assure that such improvement plan shall be developed by the superintendent or their designee in the exercise of their
  pedagogical judgment, and shall be subject to collective bargaining to the extent required under Article 14 of the Civil Service
  Law;
- Assure that all evaluators and lead evaluators, including independent evaluators and peer evaluators, as applicable, will be
  properly trained and that lead evaluators will be certified and recertified as necessary in accordance with all applicable
  statutes and regulations;
- Assure that LEA has collectively bargained appeal procedures that are consistent with the statute and regulations and provide for the timely and expeditious resolution of an appeal to the LEA;
- Assure that, for teachers, all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations and, for principals, all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school

visits:

- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0, for each subcomponent and that the LEA shall ensure that the process by which weights and scoring ranges are assigned to subcomponents and categories is transparent and available to those being rated before the beginning of each school year;
- Assure that if a second measure for the Student Performance category is locally selected, then the same locally selected
  measures of student growth or achievement will be used across all classrooms in the same grade/subject, for teachers, or
  similar building configurations/programs, for principals, in the LEA will be used in a consistent manner to the extent
  practicable;
- Assure that all growth targets represent a minimum of one year of expected growth;
- Assure that any material changes to this Educator Evaluation plan will be submitted to the Commissioner for approval by March 1 of each school year;
- Assure that the LEA will provide the Department with any information necessary to conduct annual monitoring pursuant to Subpart 30-3 of the regulations;
- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by State or Federal law for each classroom or program of the grade does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for such classroom or program of the grade; and
- Assure that the amount of time devoted to test preparation under standardized testing conditions for each grade does not
  exceed, in the aggregate, two percent of the minimum required annual instructional hours for such grade. Time devoted to
  teacher administered classroom quizzes or exams, portfolio reviews, or performance assessments shall not be counted
  towards the limits established by this subdivision. In addition, formative and diagnostic assessments shall not be counted
  towards the limits established by this subdivision and nothing in this subdivision shall be construed to supersede the
  requirements of a section 504 plan of a qualified student with a disability or Federal law relating to English language learners
  or the individualized education program of a student with a disability.
