Revised

Lance Lohman, Superintendent
Longwood Central School District
35 Yaphank Middle Island Road
Middle Island, NY 11953

Dear Superintendent Lohman:

Congratulations. I am pleased to inform you that your educator evaluation plan ("plan") meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your educator evaluation form, including the certifications and assurances that are part of your approved plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visit category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visit category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Educator Evaluation plans, see NYSED Educator Evaluation Guidance. For a definition of terms related to Educator Evaluation, see the Educator Evaluation Glossary.

The Department will review the contents of each local educational agency's (LEA) Educator Evaluation plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this Educator Evaluation plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the Educator Evaluation plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this Educator Evaluation plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Each teacher shall have a locally determined Student Learning Objective (SLO) consistent with the goal-setting process determined by the Commissioner.

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Student Learning Objectives**

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used as the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> Collectively attributed results: scores and ratings will be based on the growth of all students in a school or program or students across buildings/programs in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses or students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

> Collectively attributed linked results: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

-
- **State assessment(s)**; or

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Student Learning Objectives**

Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments** (district-, BOCES-, or regionally-developed).

SLO Assurances**Please read the assurances below and check each box.**

- ☒ Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Rubric and Scoring**

Page Last Modified: 11/10/2022

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess teacher practice based on the NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
NYSUT Teacher Practice Rubric (2014 Edition)	N/A

Please read the assurances below and check each box.

- ☒ Assure that the same rubric(s) is (are) used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is (are) used for all observations of a classroom teacher across the observation types in a given school year.

Rubric Rating Process

For more information on the Teacher Observation category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score teacher observations using the selected practice rubric: *Domains 1-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each observation, evidence is collected for all observed subcomponents in a domain. A holistic domain score is then determined for each teacher. These domain scores are weighted as indicated above to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the observation cycle.*

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Please read the assurances below and check each box.

- ☒ Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- ☒ Assure that all components of the selected practice rubric designated as observable are assessed at least once and that each of the NYS Teaching Standards is covered across the total number of annual observations.
- ☒ Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- ☒ Assure that the process for assigning scores and/or ratings for each teacher observation is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

At what level are the observable components of the selected rubric(s) rated?☒ Other (please provide more information below)

In the box below, please provide additional details on the level at which the observable components of the selected rubric are rated.

Standard Level (holistic rating of NYSUT RUBRIC Standard)

How are the observable components of the selected rubric(s) weighted?☒ Each component is weighted equally and averaged**Scoring the Observation Category****If an evaluator conducts multiple observations of the same type, how are those observations weighted?****Examples of observations of the same type include but are not limited to:**

- Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.
- Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.

☒ Multiple observations of the same type are weighted equally**Please read the assurances below and check each box.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

Teacher Observation**The teacher observation category is made up of two (2) required and one (1) optional subcomponents.**

- The frequency and duration of observations are locally determined.
 - Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
 - LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.
-

Required Subcomponents

- At least one of the required observations **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least one observation **must be conducted by the building principal or other trained administrator.**

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least one observation **must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

** The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.*

Optional Subcomponent: Observations by Trained Peer Observer(s)

- **If selected, at least one observation must be conducted by a trained peer observer.**
- Peer teachers are trained and selected by the LEA. Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.

Observation Assurances**Please read the assurances below and check each box.**

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

- ☒ Assure that the LEA will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.
- ☒ Assure that TIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
- 4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this Educator Evaluation plan, upload the TIP forms that are used in the LEA.

Training Assurance**Please read the assurance below and check the box.**

☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The New York State Teaching Standards, and their related elements and performance indicators
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its teachers
4. Application and use of the State-approved teacher rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice
5. Application and use of any assessment tools that the LEA utilizes to evaluate its classroom teachers
6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its teachers
7. Use of the Statewide Instructional Reporting System
8. The scoring methodology utilized by the Department and/or the LEA to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
9. Specific considerations in evaluating teachers of English language learners and students with disabilities

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Observers and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

Evaluator Training**Please identify the entity responsible for training and retraining evaluators.*****Check all that apply.***

- ☒ BOCES (BOCES trains component district)
- ☒ District/BOCES (LEA conducts their own training)

Please read the assurance below and check the box.

☒ Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the observation process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that observations are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.***Please check all that apply.***☒ Data analysis to detect disparities on the part of the evaluators☒ Periodic comparisons of an evaluator's assessment of the same classroom teacher

Required Student Performance Measures

The required student performance measure for a principal may be either a student learning objective (SLO) or an input model, where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> *Individually attributed results:* scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> *Collectively attributed results:* scores and ratings for the selected principals will be based on the growth of students in an LEA who take the applicable assessments in the current school year.

> *Collectively attributed group or team results:* scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or

Assessment(s) that are selected from the list of State-approved:

- **third party assessments;** or
 - **locally-developed assessments** (district-, BOCES-, or regionally-developed).

INPUT MODEL*Selection of the Input Model will require:*

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Measure Type(s)**Please indicate below which type(s) of measures will be used to evaluate principals. Please check all that apply.**☒ Student Learning Objective (SLO)**Assurances****Please read the assurances below and check each box.**

- ☒ Assure that processes are in place for the superintendent to monitor SLOs and/or input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

SLO Assurances

Please read the assurances below and check each box.

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 9. PRINCIPALS: School Visits - Rubric and Scoring**

Page Last Modified: 11/10/2022

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	N/A

Please read the assurances below and check each box.

- ☒ Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

Rubric Rating Process

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: *Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.*

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 9. PRINCIPALS: School Visits - Rubric and Scoring**

Page Last Modified: 11/10/2022

Please read the assurances below and check each box.

- ☒ Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- ☒ Assure that all components of the selected practice rubric designated as observable are assessed at least once, and that each of the ISLLC 2008 Leadership Standards (PSEL standards beginning in 2024-25) is covered, across the total number of annual school visits.
- ☒ Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- ☒ Assure that the process for assigning scores and/or ratings for each principal school visit is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

At what level are the observable components of the selected rubric(s) rated?

- ☒ Domain level (holistic rating of domain)

How are the observable components of the selected rubric(s) weighted?

- ☒ Each component is weighted equally and averaged

Scoring the School Visit Category**If an evaluator conducts multiple school visits of the same type, how are those school visits weighted?****Examples of school visits of the same type include but are not limited to:**

- Two school visits by the superintendent with one early in the school year to discuss organizational goals and areas for progress weighted at 40% and one late in the school year to present evidence aligned to goals and areas for progress weighted at 60%
- Several school visits by the principal with one holistic score for each component of the rubric based on evidence collected and observed over the course of the school year.

Please note: Weighting across school visit type (i.e. Supervisor vs. Independent Evaluator) are described in the following section.

- ☒ Multiple school visits of the same type are weighted in some other manner (please provide more information below)

In the box below, please describe how multiple school visits of the same school visit type will be weighted.

For Tenured Principals, multiple schools of the same type are weighted equally. Probationary Principals will have the lowest score of multiple school visits by the Lead Evaluator dropped. Multiple school visits made by the Independent evaluator will be weighted equally.

Please read the assurances below and check each box.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in the next section, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visits

The principal school visit category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.
- LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.

Required Subcomponents

- At least one of the required school visits **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

- At least one school visit **must be conducted by the superintendent or other trained administrator.**

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)*

- At least one school visits **must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

** The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.*

Optional Subcomponent: School Visits by Trained Peer Principal(s)

- **If selected, at least one school visit must be conducted by a trained peer principal.**
- Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

School Visit Assurances

Please read the assurances below and check each box.

- ☒ Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

The Progress Report form shall be completed during the Progress Report meeting by Superintendent's designee and by the teacher and administrator(s). The T.I.P. can be modified by the Superintendent's designee as needed or resolved at either the January and/or March meeting based on progress noted during the year. Upon the satisfactory resolution of the T.I.P. the teacher and administrator(s) will sign the appropriate line on the T.I.P. form. A teacher's union representative is welcome at this meeting.
6. If at the March Progress Report meeting, it is determined by the Superintendent's designee that the area(s) in need of improvement has not been satisfactorily resolved; a June conference may be scheduled to include the Superintendent's designee and the teacher. A teacher's union representative is welcome at this meeting. The Superintendent's designee shall schedule the June Progress Report meeting to take place during the teacher's preparation period, common planning period or at any other mutually agreed upon time. ANNUAL PROFESSIONAL PERFORMANCE REVIEW

PRINCIPAL IMPROVEMENT PLAN (PIP)

The **Principal Improvement Plan (PIP)** is a structured plan designed to identify specific concerns in instruction and outlines a plan of action to address these concerns. The purpose of a PIP is to assist principals to work to their fullest potential. The PIP provides assistance and feedback to the principal and establishes a timeline for assessing its overall effectiveness.

A PIP must be initiated whenever a principal receives a rating of *developing or ineffective* in any school year. The PIP must be in place no later than September 10th of the next school year following the developing or ineffective rating. Prior to its implementation the PIP will be signed and dated by all parties. The specific area or areas in need of improvement will be drawn from the evaluation criteria contained in the agreed upon rubric. The attached forms must be used during the PIP plan and signed by all parties.

The PIP shall clearly specify: areas in need of improvement, a detailed action plan to accomplish and support that improvement, the manner in which the improvement will be assessed, and a timeline for assessing improvement. The association president will be notified when the district notifies the principal of an ineffective or developing rating.

The PIP plan developed for the building principal must offer the Principal an experienced outside mentor mutually agreed upon by the Association and District with the cost of said mentor being paid by the district. All conversations and dealings between the mentor and principal will be confidential, unless principal provides written permission to disclose.

A statement of differentiated activities designed to support improvement in the areas identified within the PIP shall be developed by the Superintendent or his/her designee after consultation with the principal. These activities may include, but are not limited to:

- Visitations and shadowing
- Workshops and seminars
- On-line courses and webinars
- Advanced degree work
- Professional texts, periodicals, and other literature
- Collegial Circles
- Guided observations
- Self-assessments
- Modeling from leader evaluator

All costs associated with any differentiated activities shall be borne by the District.

No later than November 15th the Superintendent shall meet with the Building Principal on the PIP to discuss and assess the building principal's progress to date and provide written feedback to the principal regarding his/her progress on the PIP; on or before February 15th the Superintendent shall again meet with the Building Principal on the PIP to discuss and assess the building principal's progress and provide written feedback to the principal regarding his/her progress on the PIP; on or before April 15th the Superintendent shall again meet with the Building Principal on the PIP to discuss and assess the building principal's progress and provide written feedback to the principal regarding his/her progress on the PIP. Evidence and artifacts to determine if progress has been made in the areas needing improvement will be discussed between the Superintendent and principal at each meeting. All forms and written feedback must be signed and provided to the principal upon the completion

of each meeting. No later than June 15th shall the Superintendent meet with the building principal to determine if the area in need of improvement has been satisfactorily resolved or if the PIP shall continue into the next school year. The building principal shall be afforded union representation, if they so desire, at each meeting. If at any time, the Superintendent believes that the goals have been met by the principal he/she shall sign a written acknowledgement of attainment.

In addition to the above meetings with the Superintendent, the building principal shall meet with the Assistant Superintendent in charge of Curriculum or its equivalent non-bargaining unit administrative position periodically throughout the school year in order to discuss and assess the building principal's progress on the PIP and to be provided written feedback regarding his/her progress on the PIP. All meetings shall be documented on the attached form.

If at the end of the school year the PIP goals are met or the administrator is rated "effective" the PIP will terminate.

If the principal is rated as *developing or ineffective* for any school year in which a PIP was in effect, a new plan adhering to the requirements contained herein with any additional measures in that subsequent school year will be developed by the Superintendent following the guidelines below. The evaluated principal shall have at least eight months on the Improvement Plan to show progress prior to any possible disciplinary procedure being initiated.

Any PIP plan created must consist of the following components:

- I. **SPECIFIC AREAS FOR IMPROVEMENT**: Identify specific areas in need of improvement. Develop specific, behaviorally written goals for the principal to accomplish during the period of the Plan.
- II. **EXPECTED OUTCOMES OF THE PIP**: Identify specific recommendations for what the principal is expected to do to improve in the identified areas. Delineate specific, realistic, achievable activities for the principal.
- III. **RESPONSIBILITIES**: Identify steps to be taken by Superintendent and the principal throughout the Plan. Examples: school visits by the Superintendent; supervisory conferences between the principal and Superintendent; written reports and/or evaluations, etc.
- IV. **RESOURCES/ACTIVITIES**: Identify specific resources available to assist the principal to improve performance. Examples: colleagues; courses; workshops; peer visits; materials; etc.
- V. **EVIDENCE OF ACHIEVEMENT**: Identify how progress will be measured and assessed. Specify next steps to be taken based upon whether the principal is successful, partially successful or unsuccessful in efforts to improve performance.
- VI. **TIMELINE**: Provide a specific Timeline for implementation of the various components of the PIP and for the final completion of the PIP. Identify the dates for preparation of written documentation regarding the completion of the Plan and finalize the dates as to required meetings and/or school visits, and/or workshops, etc.
