**Background and Instructions****Background**

Section 9-a of part A of chapter 56 of the laws of 2021, as amended by §5-a of part A of chapter 56 of the laws of 2022 requires, on or before July 1, 2022, every local educational agency (LEA) receiving funding from the Elementary and Secondary School Emergency Relief (ESSER) funding from the American Rescue Plan (ARP) act of 2021 to post on its website and submit to the New York State Education Department (NYSED) an updated plan of how such funds will be expended and how the LEA will prioritize spending on non-recurring expenses as defined in section 9-a(1) of part A of chapter 56 of the laws of 2021. This updated plan must include:

- An analysis of public comment;
- Goals and ratios for pupil support;
- Detailed summaries of Investments in current year activities; and
- Balance of funds spent in priority areas.

In addition, Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 must create plans on how these funds will be used to address student performance and need. These plans must be completed, submitted to the department, and posted to district websites prior to July 1 of 2021, 2022, and 2023. Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of seven listed areas;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "Foundation Aid and ARP Plan Notification Guidance" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of the following seven areas:

- Increasing graduation rates and eliminating the achievement gap;
- Reducing class sizes;
- Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
- Addressing student social-emotional health;
- Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;
- Goals and ratios for pupil support; and
- Detailed summaries of investments in current year initiatives and balance of funds spent in priority areas.
