Program Goals	Per Pupil Teacher Ratios (# : #)
The goal of this program is to improve grade-level literacy and numeracy. We facilitate this by maintaining a low student to teacher ratio that allows for more individualized instruction and classroom support. Students have a variety of learning gaps as a result of online learning during the pandemic so the district hired an assistant principal to address increased student needs. The resources included in these grants allow for more individualized instruction and the materials and supplies needed for that instruction.	10:1
