Student and teacher surveys were administered in September and in February. We held ARP Committe meetings once a month from January 2022 to June 2022. The ARP Committee analyzed the surveys and extensive IXL data. Through the analysis, the Committee created the Updated ARP plan that was presented in May 2022. A hardcopy of the plan was distributed to all those who attended. The plan was also avaiable online and hardcopy by request. There were no comments / questions from the community. There were no comments / questions from parents. There were no comments / questions from students. The teachers brought up concerns regarding the assignment of the two additional sections we created in 21-22. Initaly we were going to eliminate one of the extra sections and use the teacher for push-in services. However, admist a substitute shortage, a push-in teacher could be pulled multiple times a week. Based on conversaions from that meeting, we adjusted our plan and are going to continue with two additional sections.
