1. Have you made changes to your approved ARP - ESSER application?

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

We used an open ended survey tool, called Thoughtexchange to solicit feedback from the entire community and staff. The results of the 2 exchanges are linked. (Community through Exchange Survey, 1 and Community Thought exchange survey 2) We used this feedback to determine priorities to drive our decision making. In looking at the linked reports there were a number of themes around Air cooling and cleaning (which relates to needs from the pandemic), quality instruction for students (including SEL teaching, class size, helping students learn and program support for students). This information was reviewed with the administrative team to determine the plan. The focus of how we spent the ARP-ESSER funding was then determined.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.

The ARP funds allowed the District to hire three additional teachers to support literacy and two additional teachers to support numeracy deficits at our Elementary School due to students falling behind during the covid outbreak when the District was forced to pivot to remote learning. The District was also able to hire an additional counselor to address the social and emotional setbacks our students faced due to the covid pandemic. In addition we were able to provide facemasks to all students and contracted with Buffalo Homecare to provide on site covid testing for students.	433815
