Our Dean of Culture supports students in meeting behavioral expectations and ensuring our school culture is structured and joyful. A structured, joyful school in which students are meeting behavioral expectations allows instructional time to be maximized and for there to be a focus on learning. Our Operations Manager and Office Manager work closely with families to ensure we have strong family-school partnerships, they implement evidence-based attendance initiatives to ensure students are in school learning, and they guarantee that the school, students, and staff have all the materials necessary for learning. All of these elements are critical in closing achievement gaps, maximizing instructional time, and allowing us the ability to provide the interventions.	510602
