#### Filtering

At a minimum, a user must select a School Year and a School or District to generate the report. Entities displayed in the dropdowns are determined by a user's entitlements in SEDDAS.

The **School or District** filter displays the school or district where the student's last regular enrollment (see list above) was in the selected school year. If there are no students in the district having a reason for ending enrollment code (see list above) for the selected school year, the school/district will not display in the dropdown.

**Display Ancillary Data** allows a user to include additional demographic data in the detail report. See [Additional Variables shown in the detail when the Display Ancillary filer is set to "Yes."](#)
