

## **EANS Future Services** *HVAC & Window Improvement*

We are reaching out, as your school has indicated an intent to utilize Emergency Assistance for Nonpublic Schools (EANS) funds for Ventilation Improvement through HVAC and Window services. In the initial applications received, the information provided was not broken down to indicate the type of services that the schools were seeking; however, in the process of obtaining contractors to complete this work, it has become evident that more information is necessary to move forward.

In an effort to meet this need, NYSED has developed a Future Services survey for both individual and pooled applications.

### **Individual Applications**

Individual schools should find an *EANS Future Services* survey in SED Monitoring. This survey is also available to complete via PDF on our website. To access the survey, the school's specified CEO in SEDDAS must log into the NYSED Business Portal. Under My Applications, the school will see SED Monitoring & Vendor Performance System. This is the same application that was utilized to submit the Letter of Intent.

This survey is listed under the group of SORIS surveys. Depending on other surveys that have been assigned, the school may see several options. This survey is titled EANS Future Services.

Survey
EANS Future Services
EANS Letter of Intent
NYS Nonpublic Schools Reimbursement for Math, Science and Technology Teachers
Substantial Equivalence Survey

Showing 1 to 4 of 4 entries

In order to effectively implement the services requested by schools, we need this information from each identified school by no later than 12/10/2021. If you have any questions pertaining to this survey, please contact us at [EANS@nysed.gov](mailto:EANS@nysed.gov).

### **Pooled Applications**

For pooled applications, there is an excel file titled *Future Services Survey – Pooled Organizations* on our website and attached to this e-mail. The file has two sheets, one for HVAC Improvement and one for Window Improvement. If the organization has schools utilizing both types of services, completing both sheets is required. All pooled surveys should be sent to [EANS@nysed.gov](mailto:EANS@nysed.gov) no later than 12/10/2021.
