MSA/CAP OVERVIEW

Mandated Services Aid (MSA)

- ❖ Mandated Services Aid (MSA) is a New York State funded reimbursement program for nonpublic schools. The schools receive reimbursement for the state mandates that they have met in the prior school year (July 1 to June 30). In order to receive reimbursement, the school must have met the requirements of the mandate and have documentation to support it. The reimbursement request, or claim, must be processed via our online system. A full listing of the mandates and a brief explanation of each one follows this introduction.
- ❖ Many of the mandates are met by reporting information in a timely fashion to the Department itself. For example, the Basic Educational Data Systems (BEDS) report, which is due every October, has a twofold purpose for nonpublic schools: it fulfills the requirement of mandate number three and enables a school's claim to be entered into the processing system for Mandated Services. Other mandates, such as Pupil Attendance Reporting (PAR) rely on the school providing the state information relative to the time and effort attributed to complying with the regulation.

MSA (continued)

Reimbursement of mandated services to nonpublic schools may be made for the actual costs related to complying with certain State mandates, if eligibility requirements are met. To be eligible for reimbursement, the school must:

- ❖ Provide instruction in all required subjects according to §3204 of the Education Law.
- ❖ Require pupils to attend full-time instruction according to §3205 of the Education Law.
- ❖ No students for which the school receives direct tuition payments from the state or local government may be included in the MSA calculations (e.g., tuition payments for a disabled student).
- ❖ Be a not-for-profit institution.

MSA (continued)

Expenses incurred in fulfilling mandates are reimbursable. These include, but are not limited to the following activities:

- ❖ BEDS forms
- ❖ Pupil attendance records
- ❖ Elementary school tests
- ❖ Regents Exams
- ❖ Regents Scholarship applications
- ❖ Registration of high schools
- ❖ Graduation reports
- ❖ Documentation of incorporation of home and career skills, technology education and library and information skills into other courses
- ❖ Comprehensive School Improvement Plan (for schools identified by the Commissioner as having to develop a Plan)

SUMMARY OF MANDATES

- 1. Pupil Attendance Report (PAR):** Attendance must be recorded once daily, summarized periodically, and maintained on file by the school. PAR applies to grades Kindergarten through 12th grade only.
- 2. Elementary and Intermediate Assessment in English Language Arts and Math (EIA):** Grades 3 through 8 Math and English Language Arts (ELA) tests must be administered and reported to the New York State Education Department's Office of Information and Reporting Services (IRS) through a contract with a Regional Information Center (RIC) for scanning and reporting in the Student Repository System (SIRS).
- 3. Mandate 3: Basic Educational Data System Reporting (BEDS) Enrollment.** BEDS Report of Non-public schools must be filed with NYSED by the established deadline in order to receive MSA-CAP services reimbursement. Include only those teachers that participated in Pupil Attendance Reporting (PAR). Do not include Pre-K teachers in your claim.
- 4. Mandate 4: Regents Examinations (RE):** Regents exams *must* be administered, scored, the results interpreted, and reported in level 0 of SIRS. Non-public schools that administer any of the Regents Examinations *must* contract for data collection, scanning, and reporting services with a RIC.

*Documentation must be maintained for all these expenditures

SUMMARY OF MANDATES

(continued)

6. **Calculator Expense (CE):** Costs of four function or scientific calculators used in the administration of certain math and science tests will be reimbursed at the flat rate of \$15 per calculator. These tests include Grade 6, 7 and 8 Math, Living Environment, Chemistry, Earth Science and Physics.

Reimbursement for the costs of graphing calculators will be at the flat rate up to \$110 per calculator. Pupils administered an Algebra I, Algebra II, or Geometry Regents Exam must be provided the use of a graphing calculator without symbol manipulation.

7. **Registration of High School (RHS). (ONLY APPLICABLE ONCE):** The high school registration program involves the submission of an Application for Non-public Secondary School Registration, review of data concerning student achievement, and a visit from the Non-public School Office.

8. **State School Immunization Program (SSIP):** Only applicable to New York City, Rochester, and Buffalo). Complete and return the New York State Annual School Immunization Survey Summary Form by the required deadline. New York City schools *must* send the form to the NYC Health Department & Mental Hygiene Immunization Program; all other eligible schools *must* send the form to the NYS Department of Health Immunization Program.

9. **Documentation of Integration of Required Instruction in 7th and 8th Grade (DIRI):** The requirements for technology education, home and career skills, and library and information skills may be met by the integration of the State learning standards of such subjects into other courses in accordance with the criteria found in Section 100.4(2) of the Commissioner's Regulations.

SUMMARY OF MANDATES

(continued)

- 10. Graduation Report for Non-public Schools (HSGR) grade 12 only:** Non-public schools are now responsible for reporting all students who were awarded a local or Regents diploma, Career Development & Occupational Studies Commencement Credentials or Skills & Achievement Commencement Credential in SIRS. Graduation Reporting must now be completed with your local RIC and filed by the end of August annually.
- 11. Grade Four Science Test (GFST):** Grade Four Elementary-Level Science Test has been discontinued and will become Grade 5 Science Test in Spring 2024. The tests must be administered and reported to the SIRS through a contract with a Regional Information Center (RIC) for scanning and reporting.
- 12. Expenditure for Travel Costs to Examination Storage Sites (TSS):** Pick up for secure examinations being stored at a neutral site. (**Note:** All examinations included in the mandates are secure examinations.)
- 13. New York State Scholarships for Academic Excellence Application (SAE):** Submission of the Scholarships for Academic Excellence Nomination Summary Form, listing the nominee(s) and the individual student application forms. Scholarships for Academic Excellence must be published and made available to students at the beginning of the school year.

SUMMARY OF MANDATES

(continued)

14. **Grade Eight Science Test (GEST):** Grade Eight Science Test *must* be administered and reported to the SIRS through a contract with a Regional Information Center (RIC) for scanning and reporting.
17. **Pesticide Neighbor Notification (PNN):** School Pesticide Neighbor Notification Law requires all non-public schools to notify parents and interested parties prior to pesticide applications in instructional and administrative buildings and grounds, as well as playgrounds and athletic fields.
18. **New York State English as a Second Language Achievement Test (NYSESLAT):** The NYSESLAT is designed specifically for limited English proficient (LEP) students to determine proficiency in the English language. NYSESLAT test *must* be administered according to the rules, regulations and guidelines issued by the New York State Education Department. Student answer sheets must be sent to the RIC or large city scoring Center for scoring by the required deadline of May 31, 2023.
NYSITELL New York State Identification Test for English Language Learners (NYSITELL): Assess the English Language proficiency of new entrants whose home language is a language other than English. NYSITELL *must* be administered in accordance with the rules, regulations and guidelines issued by the New York State Education Department. Student answer sheets must be sent to the RIC or large city Scoring Center for scoring and reporting to the Department.
19. **RIC and Scoring Center:** The 3rd through 8th grade tests may be scored by Regional Scoring Centers. (Note: If your tests are graded by a Scoring Center, no printing costs are separately reimbursed under Mandate 2, EIA.) All elementary exams, NYSESLAT, NYSITELL and Regents exams require scanning and that the student data be recorded and maintained by a Regional Information Center (RIC).

Comprehensive Attendance
Policy (CAP)

Comprehensive Attendance Policy (CAP)

- ❖ CAP was promulgated by the Board of Regents for all schools in June 2002. The attendance policy must encompass the nine points outlined in Commissioner's Regulations 104.(i), All non-public schools must have such a policy on file and may be asked to produce the policy during a site visit or claim review.
- ❖ The purpose of the policy shall be to ensure the maintenance of an adequate record verifying the attendance of all children at instruction in accordance with Education Law sections 3205 and 3210 and establish a mechanism by which the patterns of pupil absence can be examined to develop effective intervention strategies to improve school attendance.

CAP (continued)

Nine elements to be included in the CAP

1. A statement of the objectives to be accomplished;
2. A description of the specific strategies to accomplish each objective;
3. A determination of which pupil absences, tardiness and early departures will be excused, and which will not be excused and an illustrative list of excused and unexcused pupil absences and tardiness;
4. A description of the coding system used to identify the reason for a pupil's absence, tardiness or early departure recorded in the register of attendance;
5. A description of the school's policy regarding pupil attendance and a pupil's ability to receive course credit;
6. A description of the incentives to be employed to encourage pupil attendance and any disciplinary sanctions to be used to discourage unexcused pupil absences, tardiness and early departures;

CAP (continued)

7. A description of the notice to be provided to the parents of a pupil who is absent, tardy or leaves school early without an acceptable excuse;
8. A description of the process to develop specific intervention strategies to be employed by teachers and other school employees to address identified patterns of unexcused pupil absence, tardiness or early departure;
9. Identification of the person(s) designated in each school building who will be responsible for reviewing pupil attendance records and initiating appropriate action to address unexcused pupil absence, tardiness and early departure consistent with the comprehensive attendance policy.

CAP (continued)

- ❖ The reimbursement amount is generated using the average hourly rates reported for staff in Mandate 1 Pupil Attendance Reporting (PAR) and the enrollment reported for a given school year.
- ❖ The formula used to calculate CAP reimbursement is as follows:
 - ❖ Teachers K-6 expenses = ([Teachers hourly salaries] x [K-6 enrollment]) x (0.17)
 - ❖ Administrative K-6 expenses = ([Administrative hourly salaries] x [K-6 enrollment]) x (.125)
 - ❖ Support staff K-6 expenses = ([Support staff hourly salaries] x [K-6 enrollment]) x (.125)
 - ❖ Teachers 7-12 expenses = ([Teachers hourly salaries] x [7-12 enrollment]) x (4.13)
 - ❖ Administrative 7-12 expenses = ([Administrative hourly salaries] x [7-12 enrollment]) x (.35)
 - ❖ Support staff 7-12 expenses = ([Support staff hourly salaries] x [7-12 enrollment]) x (.50)

MSA-CAP ONLINE SYSTEM
GENERAL INFORMATION

MSA-CAP Online System

- ❖ The MSA-CAP Online System links to information that has been submitted to the Office of Information Reporting Services. BEDS data, elementary and secondary examination data, and Regents examination data will be displayed for the applicable mandates. Applicable data entry field is also populated with the same value.
- ❖ The MSA user has the option of entering the same populated data or something different for applicable mandates. If the tolerance level that we established is exceeded, a warning message will appear at the top of the screen. The claim will be set to a “hold” or “post review” status.
- ❖ When you complete entering data for a mandate, the Section I – Summary expenditure data will automatically be populated.
- ❖ Warning signs appear next to the problem field for the mandate and on the Section I – Summary expenditure screen.
- ❖ If you see a warning message & sign, prior to submitting the claim, please double-check that you have entered the correct data and that you have the supporting documentation.
- ❖ Many schools had to refund the State money because of entry errors and lack of documentation.
- ❖ The buttons for mandates 7, High School Registration, and 8, SSIP, will be disabled for some schools. You will not be able to enter claim data for that mandate. If a school has been previously reimbursed for mandate 7, it cannot receive reimbursement again. For SSIP (mandate 8), a school must be located in New York City, Rochester or Buffalo.

MSA-CAP Online System (continued)

- ❖ The school administrator will receive an e-mail message when the claim is “auto approved”, set to “hold” “paid” “post review” and “overpayment”.
- ❖ Claims can be amended after the payment is made “closed”.
- ❖ Do not use commas when entering salaries and benefits
Not a valid number Mandate 1. (do not use any special characters)
- ❖ You must select “standard workday” or “actual hours are varied”.
- ❖ If “standard workday” is selected, you must enter the # of hours in the workday.
- ❖ You must click on the <Save Form>button after completing entry for each mandate.
- ❖ Explanations are required when PAR exceeds last year’s PAR by 25%, when BEDS enrollment exceeds what was submitted on the BEDS Report by 20% and the Total Aid Expenditure exceeds the previous year by 25%.
- ❖ You must enter the number of graduation candidates for High School Graduation Report, Mandate 10.
- ❖ Schools with claims on hold can now upload documents to the MSA system.

MSA-CAP Online System - Statuses

- ❖ Auto Approved
- ❖ Hold – Program Reviewer may request further clarification or documentation before approval is granted
- ❖ Withdrawn-Claims inactive in the MSA-CAP for 6 months will be withdrawn with the option to do an amendment.
- ❖ Post Review Pending/Post Review- Program Reviewer may request further clarification or documentation before approval is granted.
- ❖ Approve-Payment will be received in 7-10 business days
- ❖ Overpayment- ALL subsequent Mandated Services Aid or Comprehensive Attendance Policy (CAP) payments will be held until the overpayment has been remitted

Examples of Approved Claim Explanations

Be clear, concise and specific

- ❖ Enrollment increased by 17 students. Last year 12 teachers took attendance; this year we had 11 teachers taking attendance. This changed the time and effort standard from 20 to 30 which increased the Pupil Attendance Reporting (PAR) expenditure.
- ❖ The increase in PAR is due to the fact that there was a new administrator hired two years ago who had a graduated salary increase. This meant that the average hourly wage for the administrator increased significantly. In addition, there was a small increase of \$1.22 over last year's teachers' average hourly wage. Despite the fact that it is a minimal increase, it significantly increases the reimbursement due to the fact that there are 5,000 teacher parameter hours for PAR.
- ❖ A nearby school closed so we picked up 25 students and had to add a new grade 4 class. Added two teachers; one for the 4th grade class and ½ day kindergarten.
- ❖ We began offering more Regents exams which meant we had to add more proctors which increased the average hourly rate \$8.00. It also increased the total combined hours for the exams.
- ❖ Our administrator retired. We had to increase the salary 25% in order to find a replacement.

Common MSA-CAP Mistakes

- ❖ Not multiplying the number of days in the work year * the number of hours in the workday to arrive at the total hours of work for all assigned tasks (line 2 in the calculation of the hourly rate) if you have full time staff.
- ❖ Using salaries for staff that did not perform the services for the mandate.
- ❖ Including stipends in the staff salaries.
- ❖ Including substitute teachers.
- ❖ Including pre-school students in the BEDS enrollment.
- ❖ Using different # of teachers for PAR and BEDS.
- ❖ Not entering an explanation for the increase in PAR, BEDS and/or Total Aid.
- ❖ Including students from another school in the count of tests administered. If you reported 8th graders in your Oct. BEDS Report, you are sent a Secondary School Examination Report in June.
- ❖ Not including Regents Exams for August, January and June in the Secondary Examination Report.
- ❖ Using W-2's for staff gross salaries; school year not calendar year.
- ❖ Not paying attention to exam data discrepancies.
- ❖ Not having documentation to support the claim.

Using the
MSA-CAP Online System

MSA-CAP- Getting Started

- ❖ Please read the accompanying Guidelines for the 2022-23 school year before completing the MSA-CAP forms.
- ❖ In addition to other information, the Guidelines describe requirements for each mandate and recordkeeping, and provide important information about calculating hourly rates and expenditures.
- ❖ Call or email the MSA-CAP office if you have questions; we are here to help!

Completing the MSA-CAP Online (continued)

- ❖ Assemble testing records, the Graduation and Dropout Report, BEDS Report, attendance records, invoices for test kits, teacher workshop fees, calculators, scoring center costs, etc. and any other documentation that supports the mandated services aid claim for each mandate.
- ❖ Gather employee records from your payroll company showing gross salary, hours worked and allowable fringe benefits.
- ❖ Gather staff contracts if a payroll company is not used

Completing the MSA-CAP Online (continued)

- ❖ You need to know how many employees provided the service—line 1.
- ❖ Enter the total hours the employees worked—line 2.
- ❖ Enter the total salaries for the employees—line 3.
- ❖ Enter the total employee benefits—line 4.
- ❖ The system calculates the total salaries and benefits-line 5.
- ❖ The system calculates the Average Hourly Rate-line 6.

Enrollment

Enrollment is used to determine average class size in calculating PAR reimbursement. Enter the highest of opening, closing or BEDS enrollment below and check enrollment used.

Opening enrollment is the number of pupils who were in attendance on the first day of school plus those who were registered but were absent on opening day.

Closing enrollment is the number of pupils still enrolled when school closed at the end of the year.

BEDS enrollment is the number submitted to the State Education Department based on a count taken during the first week of October.

Pupils in ungraded classes should be counted as ungraded elementary if under 13 years of age and ungraded secondary if 13 years old or older.

Do not include enrollment of nursery school or pre-kindergarten pupils, postgraduate students or pupils with disabilities who are enrolled pursuant to a contract with a public school district or the State Education Department.

Submit and Certify

- ❖ Non-public schools have the option to assign an MSA CFO to submit and certify their MSA-CAP claim. Currently, most non-public schools only have the CEO in that role. If schools would like to add an MSA-CAP CFO to submit and certify their claim, please email datasupport@nysed.gov.
- ❖ If your non-public school does not have a CFO, the submit and certify roles automatically defaults to the CEO. Once the MSA-CAP CFO is added to [SEDREF](#), please contact our office and we will entitle the MSA-CFO to the MSA-CAP [NYSED Business portal](#) online system.

Recordkeeping

Recordkeeping

- ❖ It is very important that accurate documentation be kept by every school that claims mandated services. Even if your mandated services forms are completed by an independent contractor or diocesan office, the school is responsible for maintaining complete records.
- ❖ Documentation must be maintained for a minimum of 7 years. Records must be available for inspection, monitoring and/or audit by the New York State Education Department and the Office of the State Comptroller.
- ❖ It is recommended that each school creates and maintains a mandated services documentation file for each school year that a claim is submitted.

Recordkeeping (continued)

The following list identifies documentation that we recommend schools keep on file or otherwise have readily available:

- ❖ Payroll records, for only those employees providing the mandated service, including allowable fringe benefits. If you use a payroll service, you will need to put copies of the applicable payroll records in the mandated services aid documentation file. If you do not use a payroll company, copied of contracts will be requested.
- ❖ Salary agreements and/or contracts for those employees providing mandated services.
- ❖ Time distribution records. You are required to maintain documentation to show that the employee actually provided services such as taking attendance or proctoring exams.

Recordkeeping (continued)

- ❖ Student enrollment records, class schedules or Attendance rosters.
- ❖ Invoices/cancelled checks or credit card receipts/statements for purchases made to perform mandated services.
- ❖ Any documentation that supports the information and calculations used to prepare any claim for nonpublic school aid.
- ❖ Schools must maintain inventory records for calculators and science test kits. Calculators are not a consumable product. The inventory control procedure should include a replenishment cycle to replace aging and broken calculators. Calculators may not be given permanently to students.
- ❖ Documentation of calculator purchase must be retained for monitoring and/or audit.

Recordkeeping (continued)

- ❖ Documentation of the hours that form the basis for a standard workday must be maintained by the school.
- ❖ Information gathering per Comptroller's Audit.
- ❖ Documentation must be maintained to show the basis of the calculation for the average hourly rates.
- ❖ Schools must maintain inventory records of the science test kits and earth science test kits.
- ❖ Evidence of number of students who graduated from high school such as student transcripts.
- ❖ Records of student scores on State examinations such as the Individual Student Score Reports, Nonpublic Secondary Examination Report, Comprehensive Information Report.
- ❖ Failure to maintain adequate supporting documentation may result in a disallowance or partial disallowance.

NOTE: This is not an all-inclusive list

Enrollment Enrollment

Enrollment is used to determine average class size in calculating PAR reimbursement. Enter the highest of opening, closing or BEDS enrollment below and check enrollment used.
 Opening enrollment is the number of pupils who were in attendance on the first day of school plus those who were registered but were absent on opening day.
 Closing enrollment is the number of pupils still enrolled when school closed at the end of the year.
 BEDS enrollment is the number submitted to the State Education Department based on a count taken during the first week of October.
 Pupils in ungraded classes should be counted as ungraded elementary if under 13 years of age and ungraded secondary if 13 years old or older.
 Do not include enrollment of paraprofessionals, postgraduate students or pupils with disabilities who are enrolled pursuant to a contract with a public school district or the State Education Department.
