2. **Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.**

    First submission

3. **Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.**
    By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

    ☑   Parents
    ☑   Teachers
    ☑   Students

4. **Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.**

    ☑   The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
    ☑   The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occured as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
    ☑   The final proposed plan that has been submitted has been posted on the school's website.and will remain for the duration of the related projects.

    4a. **Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.**

School Connectivity

1. **Describe how you intend to use Smart Schools funds for high-speed broadband and/or wireless connectivity projects in school buildings.**

   (No Response)

2. **Describe how the school plans to use digital connectivity and technology to improve teaching and learning.**

   (No Response)

3. **Does your School Connectivity project require new construction or substantially altered space and result in capitalized cost in excess of $100,000?**

   (No Response)

4. **If you are submitting an allocation for School Connectivity complete this table.**
   Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.

	Sub-Allocation
Network/Access Costs	(No Response)
Outside Plant Costs	(No Response)
School Internal Connections and Components	(No Response)
Professional Services	(No Response)

Classroom Learning Technology Equipment (Devices)

1. **Describe the devices you intend to purchase and their compatibility with existing or planned platforms or systems.**

   The planned purchases are for iPads, laptops, and desktop computers. All device procurements are compatible with our existing environment and will also function in the near future with our infrastructure advancements.

2. **Describe how the proposed technology purchases will improve teaching and learning inside or outside of the classroom.**

   IPads and computers provide students with a high interest visual modality for learning. Many students with Autism are attracted to the visual and auditory characteristics inherent in using iPads and computers. The iPads are also used for communication for students who are nonverbal communicators, so the portable nature of iPads allow students to communicate in all environments. Instructionally, iPads and computers offer a wide source of software for generalization and reinforcement of newly learned skills.

3. **To ensure the sustainability of technology purchases made with Smart Schools funds, schools must have a plan to maintain and support technology purchases reimbursed with Smart Schools funds. This sustainability plan should support recurring costs of use that are ineligible for Smart Schools funding such as device maintenance, technical support, Internet and wireless fees, maintenance of hotspots, staff professional development, building maintenance and the replacement of incidental items.**

   ☑ By checking this box, you certify that the school has a sustainability plan as described above.

4. **Schools must ensure that devices purchased with Smart Schools funds will be distributed, prepared for use, maintained and supported appropriately. Schools must maintain detailed device inventories in accordance with generally accepted accounting principles.**

   ☑ By checking this box, you certify that the school has a distribution and inventory management plan and system in place.

5. **Schools must contact the SUNY/CUNY teacher preparation program that supplies the largest number of its new teachers to request advice on innovative uses and best practices at the intersection of pedagogy and educational technology.**

   ☑ By checking this box, you certify that you have contacted the SUNY/CUNY teacher preparation program that supplies the largest number of your new teachers to request advice on these issues.

   5a. **Please enter the name of the SUNY or CUNY Institution that you contacted.**

   SUNY Stony Brook University

   5b. **Enter the primary Institution phone number.**

High-Tech Security Features

1. **Describe how you intend to use Smart Schools funds to install high-tech security features in school buildings and on school campuses.**

   Students in our program have serious, pervasive, and potentially life threatening inappropriate behaviors. They attend our program because they require a highly restrictive setting due to behaviors that include elopement (running out of environment) and bolting. We also have students that wander. Students we serve do not have the cognitive ability to be able to protect themselves in the community alone or when around traffic. Despite very intensive staffing ratios, and intensive staff training on supervision and each student's Behavior Support Plan, there have been occasions when a student ran away from staff faster than the staff can run; the security cameras would provide a view of which door was used and which direction the student headed.

2. **Does your High-Tech Security project require new construction or substantially altered space and result in capitalized cost in excess of $100,000?**

   No

3. **If you have made an allocation for High-Tech Security Features, complete this table.**
