Student-Artist Directions

- Part 1 - Overview and Explanation
- Part 2 - Statement of Goals/Artist Statements
- Part 3 - Artifact Collection
- Part 4 - Initial Performance or Presentation
- Part 5 - Evidence of Peer and Teacher Feedback and Student-Artist Revision
- Part 6 - Final Performance or Presentation

Part 1: Overview and Explanation

Through the next 3-4 years, you will build a portfolio showcasing your achievements as a Student-Artist. Be careful not to lose this Student-Artist Booklet, as it will serve as a communication tool for providing feedback and will be used for the duration of this assessment.

Work should demonstrate an understanding of standards commonly applied to Visual and Media Arts and demonstrate qualities that make your work unique.

You will submit your portfolio in a digital format.

The Initial Performance/Presentation Assessment Focus will be used to evaluate your work after the initial performance/presentation. The Evidence of Learning Rubric will be used to evaluate your final work.

You may use work accumulated during your experience as a Visual Arts / Media Arts Student-Artist. Select your best work. Your writing should be free of spelling and grammatical errors and must be typed. Your teacher will be available to answer questions and provide guidance throughout the duration of the assessment.

Please use the following format for all typed content:

- **Font Type:** Use a professional font such as Arial, Verdana, Cambria, or Calibri
- **Font Size:** 12 point
- **Margins:** One inch on all sides
- **Line Spacing:** Double

Your portfolio should be organized as follows:

1. Title Page

2. Table of Contents
3. Statement of Goals/Artistic Statements
4. Reflective Practice
5. A minimum of five artifacts carefully selected from the suggestions provided and an accompanying written response for each artifact.
6. A works-cited page using MLA or APA guidelines

A suggested timeline is provided in this booklet. Your teacher will assign specific deadlines as you work throughout the project.

All work must be submitted as a digital portfolio (CD/DVD) or an e-portfolio (online). Your teacher will tell you which of these submissions to use.

Title Page Template

While your final copy must be typed, you will use this template as a guide to setting up your title page. Please fill in the information as requested: your first and last name, grade in school, home address, phone number, email address, and school name. When you complete the Title Page Template, wait until your teacher tells you to proceed.

Part 2 - Statement of Goals/Artist Statements

To focus the development of your portfolio, you will draft a Statement of Goals/Artist Statement. This will become a typed one-page explanation of your educational and career goals as they relate to your experiences in visual arts/media arts. The paper should focus on your experiences as a Student-Artist AND your collegiate and professional goals. Please include an explanation of how these components relate to one another. You should also include a self-reflective statement and an analysis of your personal work ethic. You will have an opportunity to revise your draft as the project progresses.

Part 3 - Evidence of Creative Process/Artifact Collection

As you assemble your portfolio, you will collect five to seven artifacts/pieces of evidence demonstrating your growth as a Student-Artist. You will then write a self-reflective/analytical piece for each artifact.

Because the purpose of a portfolio is to show your development as an artist and highlight your best work, you may use work from your cumulative art experience. You may use course work and extracurricular work. Unless noted for artistic reasons, renderings, sketches, and photographs must be in color.

Your portfolio should achieve these goals:

- Demonstrate your growth
- Exhibit a range of abilities
- Illustrate your understanding of artistic conventions and mastery of arts vocabulary
- Demonstrate an ability to appraise and reflect upon your work
- Express your unique creative process

Other than the typed-writing and content requirements, you may format these in a way that best expresses your accomplishments and achieves the goals of this portfolio. For each artifact you select, you must include:

1. Title/Label
2. Appropriate annotations for the use of copyrighted materials
3. A $\frac{3}{4}$ -1 page of writing for each entry that includes:
 - a. a description of the artwork, grade and location presented
 - b. a description of your process (how you came up with your ideas, the things you may have used for inspiration, risks and results in your process, programs used to support your created work, and what steps you took to create this particular artifact)
 - c. a self-reflection on your areas of success and areas for improvement

To help provide direction throughout this project, use the **List of Suggested Artifacts in the column on the right**. They are connected to the Performance Indicators that you are required to meet. Take a moment to circle the ideas you think you would like to include, based on your interests and experiences. You can also add other ideas that you feel meets each performance indicator.

Part 4 - Final Portfolio

You will need to document your journey through the creative process by writing a one or two-page reflection discussing challenges you met and overcame while conducting the creative process, reflecting on your successes and areas for improvement, and indicating how you developed the ideas for your original work (where did you get your ideas and what did you use for inspiration?).

You may keep your Student-Artist Booklet throughout this assessment for access to the directions. When your portfolio has been turned in, this assessment is complete.

Your teacher will establish deadlines as you progress through the school year. You will be provided some time in class to work on the written elements of this project. A suggested timeline has been provided to help you stay focused.
