Question 40 only**

This notice pertains to Question 40 on the Russian edition of the 2025 Grade 8 Mathematics Test.

Due to an error in the translation of Question 40 on the Russian edition, all students who used the Russian edition of this test, either exclusively or in conjunction with the English edition, should be given credit for this question. At the time of scoring, the Department's contractor will ensure that all students who used the Russian edition of this test are given credit for this question.

To ensure students receive credit, for those students testing with the paper-based Russian Edition, please ensure that the answer sheet has "Russian" darkened in the box labeled "Alternate Language." For students who entered their responses on computer and made use of the Russian paper edition, please confirm that "Russian" has been indicated in the Nextera administration system under "Print Variation" on the tab for "Offline Testing Accommodation."

We apologize for any inconvenience this may cause you, and we thank you for your hard work on behalf of the students in New York State.
