

Dear Parent/Guardian of Brendan,

This report summarizes Brendan’s performance on the New York State Testing Program Mathematics Assessment, administered in the spring of 2021. The test score provides one way to understand student performance; **however, this score does not tell the whole story about what Brendan knows and can do. The results from the Grade 3-8 English Language Arts (ELA) and Mathematics Tests are being provided for diagnostic purposes and will not be included in Brendan’s official transcript or permanent student record.**

BRENDAN’S
SCORE
THIS YEAR

643
LEVEL 4

BRENDAN’S
SCORE:
643

PERFORMANCE LEVELS

LEVEL 4

Students performing at this level excel in standards for their grade.

LEVEL 3

Students performing at this level are proficient in standards for their grade.

LEVEL 2

Students performing at this level are partially proficient in standards for their grade.

LEVEL 1

Students performing at this level are well below proficient in standards for their grade.

BRENDAN MET THE STATE STANDARD

As you review your child’s results for the 2021 Mathematics Test, please keep in mind the changes that were made to this year’s tests due to the COVID-19 pandemic. For the spring 2021 administration, schools were required to administer only Session 1, which is comprised entirely of multiple-choice questions. **Only this session contributed to the student’s total scores shown on this Score Report.**

Also, for spring 2021 only, test questions on Session 1 had been used in a prior year’s test administration and had been previously released on the Department’s website for instructional use. As a result, it is quite possible that teachers may have used some of these test questions on practice tests for their students prior to the 2021 Math Test administration.
