SUBJECT: Final Dates for the January 2027, June 2027, and August 2027 Regents  
Examination Periods

The Regents Examination periods are determined with the following factors taken into consideration: The January examination period is four days and is scheduled close to the end of the month. The June examination period is nine days, including two rating days. It is scheduled close to the end of the month but allowing at least one weekday in June after the examination period ends. The August examination period is two days and is scheduled to allow adequate time for a summer school session.

We very much appreciate all the input from superintendents and other school and district leaders that resulted in the determination of these final dates. All of the submitted feedback was reviewed by Department staff with impact on students as the central consideration. The final schedule ensures the fewest number of instances where students must take multiple examinations on the same day. The impact of the schedule on English language learners and students with disabilities was also part of the final review and determination.
