# Introduction

DOE District Grants Team Structure

DOE/UAP Partnership Purpose

DOE/UAP Schools Partnership Process

# Key Criteria That Informed Our process

Identify the specific population of students to be served, and any unique needs by sub-group such as students with disabilities, English language learners, and socioeconomic status.

Describe how the activities will be aligned and coordinated with the regular school day and school day teachers, New York State Learning Standards, including the Common Core, and how program activities will support school and district goals, and Regent's Reform priority for college and career readiness;

Describe how the NYS Guidelines for Social and Emotional Development and Learning will be reflected

Describe the plan to provide ongoing relevant professional development and collaborative planning time for teachers, program staff and community partners

Describe how the program will ensure equitable access to and meet the needs of special populations (e.g., students with disabilities, English language learners)

# Questions For Schools That Drove Our Process

## Student Needs

- Re ELLs: what % of students are ELL, and which countries are they from/which languages do they speak? What % also have IEPs?
- What is your attendance rate, and what contributes to absenteeism? What would you want to put in place to reduce this absenteeism?
- What % of your school are SIFE, and what contributes to that? IEP?
- Is health or hunger an issue for your students?
- What are your Regents pass rates, and what review classes are in place to help students who fail?
- What gaps are there in community services not currently available?

# Challenges and Plan of Action

## CHALLENGES:

### Proper Scheduling:

- Schools already had schedules in place when the grant was awarded
- Fresh Prep had to compromise the 90minute block schedule to fit into the school schedules
- 60 hrs of content in half the time. Though scores jumped, we failed to reach our goal of 65% of re-takers passing.

### Teacher buy in and co-teaching training

- Some teachers were unaware of the benefits of having Arts integration
- Teachers not trained on co-teaching

### TA Cohesion

UAP Teaching Artists were not collaborating with projects and goals in schools where there was not a UAP Site Coordinator.

### Absentee Plan:

With TAs working multiple residencies, if a TA were to call out sick, we were not always successful with finding a sub.

## WHAT'S THE PLAN:

### Fresh ED!

- More flexibility to serve first time takers
- Sessions will increase from 40 – 80 in order to cover all of the content areas
- Earlier planning in the summer

- **Presentation** for all teachers and only sign up teachers who elect to take on the program
- **PD** for all co-teachers on co-teaching and integration prior to the start of the program.

### Lead TAs Hired

- Will pick up more responsibilities at their sites. They will be responsible for creating themes that all projects will tie into, support with program visibility and facilitate team meetings.
- In-school TAs will support with Recruitment/Retention for the after-school program

### Build a Bench!

- Subs will be hired and trained in all curricula over the Summer
- Make TAs more available by lightening their loads

# Outcomes

## Facing History High School

- 15 out of the 18 students passed their English regents
- Due to only 3 students not passing, Facing History cancelled their Summer Fresh Prep Program
- 8 students jumped 20 or more points
