

Join us for our Kick Off Event!

New York State Path Forward Educator Preparation Program (EPP) Community of Practice

Are you working to bring more evidence-based literacy practices into your educator preparation program?

Join EPP colleagues across NY State in a monthly Community of Practice, hosted by the Path Forward Initiative, dedicated to advancing the Science of Reading (SoR) in educator preparation.

This is an ongoing CoP on the SoR components laid out in the NYSED Framework & Reflection.

- Engage with leading researchers, authors, and practitioners about key elements in bringing research to practice.
- Hear spotlight presentations from NY State EPP faculty on how they are embedding evidence based practice into their programs.
- Share stories of transformation and concrete strategies for strengthening educator preparation.

This is a supportive, collaborative environment. No pre-work required!

**ZOOM
SIGN UP!**
