Presenters: Bill Heller & Dr. Joanne O'Toole

Date & Time: Wednesday, July 21, 2021, 10:00—11:00 a.m.

Maximum capacity: 950 attendees

1 hour of CTLE credit offered

The Office of Bilingual Education and World Languages (OBEWL) of the New York State Education Department (NYSED) presents this next workshop in its 2021 Professional Learning Series. This online workshop, "Understanding Checkpoint Proficiency Targets", is offered free of charge for world language teachers and administrators working in New York State schools.

Workshop description: This presentation describes the concept of proficiency and explores the specific characteristics of Novice, Intermediate and Advanced proficiency levels and sublevels. In addition, participants will discover how to set course proficiency targets within each Checkpoint in the NYS World Language Learning Standards (2021) and the implications for instructional decisions for each level.

A recording of the workshop will be uploaded to the OBEWL website for on-demand viewing by those unable to attend virtually. Those who attend the online workshop will be provided with a certificate of attendance for one hour; those who wish to receive CTLE credit must provide all of the requested information on the registration form. Those unable to attend the workshop on July 21st may earn CTLE credit by viewing the recording on the OBEWL website and answering at least seven out of ten questions correctly on a multiple-choice post-assessment. No registration is necessary to view the recording of the workshop.

Registration process: A maximum of 950 pre-registrations will be accepted for this live workshop. Registration will close by July 19th; there will be no same-day registrations. Only pre-registered attendees will be admitted into the workshop. Requests will be processed on a rolling basis. Once the registrant's work email address has been verified as being from a New York State school, college, or university, an email confirming their registration will be sent. Twenty-four hours prior to the event, all registered individuals will receive login instructions with the link to join the workshop.
