#### Title II Part A - Use of Funds Instructions

The Title II, Part A program is designed to provide students from low-income families and minority students with greater access to effective educators. Local Educational Agencies (LEAs) must now consider how to best use Title II, Part A funds, among other funding sources, to ensure equity of educational opportunity. New provisions in Title II, Part A of the Every Student Succeeds Act (ESSA), offer new opportunities for LEAs to more effectively attract, select, place, support, and retain excellent educators; re-visit traditional uses of these funds; and consider new and additional uses of Title II, Part A funds that are innovative and evidence-based. Toward that end, available evidence-based resources include:

- Non-regulatory Guidance: Using ESSA to Strengthen Education Investments (PDF) This guidance from the U.S. Department of Education (ED) seeks to help SEAs, LEAs, schools, educators, partner organizations, and other stakeholders understand the four levels of evidence and recommends a step-by-step process for choosing and implementing interventions that improve outcomes for students.
- What Works Clearinghouse The What Works Clearinghouse (WWC), an initiative of ED's Institute of Education Sciences (IES), is a helpful resource for locating the evidence on various education interventions.
- . ERIC ERIC is an online library of education research and information, sponsored by the IES.
- Regional Educational Laboratory Program Regional Education Laboratories conduct applied research and development, provide technical assistance, develop multimedia
  educational materials and other products, and disseminate information in an effort to help others use knowledge from research and practice to improve education.
- Evidence-Based Improvement: A Guide for States to Strengthen Their Frameworks and Supports Aligned to the Evidence Requirements of ESSA This guide from WestEd provides an initial set of tools to help school districts understand and plan for implementing evidence-based improvement strategies.
