Revised

Michael Williams, Superintendent
Tri-Valley Central School District
34 Moore Hill Road
Grahamsville, NY 12740

Dear Superintendent Williams:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA'splan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPRplan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category,see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs,see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**:scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**:scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

HEDI Scoring Bands

Highly Effective			Effective			Developing		Ineffective											
20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
97-100%	93-96%	90-92%	85-89%	80-84%	75-79%	67-74%	60-66%	55-59%	49-54%	44-48%	39-43%	34-38%	29-33%	25-28%	21-24%	17-20%	13-16%	9-12%	5-8%	0-4%

SLO Assurances

Please check the boxes below.

- ☑ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent willbe locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 07/22/2020

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or**
- **Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.**

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
Marshall's Teacher Evaluation Rubric (2014 Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Page Last Modified: 02/11/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

Alldomains are observable. They will be weighted and averaged. See below for weights for each domain.
Within each domain, each indicator that is observed and rated is weighted equally and averaged for a domain score.
DomainA - Planning & Preparation: Weight = 3
Domain B - Classroom Management: Weight = 2
DomainC - Delivery of Instruction: Weight = 3
DomainD- Monitoring, Assessment and follow-Up: Weight = 2
DomainE- Family& Community Outreach: Weight = 1
Domain F - Professional Responsibilities: Weight = 2

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

Page Last Modified: 02/11/2021

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law§3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a teacher rated Ineffective on the StudentPerformance category, but rated Highly Effective ontheObservationcategory based on an anomaly, as determined locally;

(2) the LEA'sadherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Teacher Appeal Process

1. Appeals of annual professional reviews will be limited to the following situations:
1. A teacher completing the first year of a four-year probationary appointment may appeal only an ineffective APPR overall rating.
2. Any teacher may appeal an ineffective APPR overall rating.
3. Any teacher may appeal two consecutive developing APPR overall ratings except as provided above.
4. Any teacher may appeal an improvement plan if and only if the plan was generated as a result of an ineffective or developing overall rating except as provided above.
2. In accordance with the law and regulations, a teacher may only appeal the following in conjunction with his/her APPR:
1. The substance of the individual's annual professional performance review.
2. The district's adherence to the standards and methodologies required for such reviews.
3. The district's adherence to the regulations and compliance with any locally negotiated procedures
4. The district's adherence with the terms of the Professional Improvement Plan (PIP).
3. A teacher may not file multiple appeals regarding the same performance review or PIP. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed may be waived. An appeal must state the nature of the remedy or relief sought.
4. In an appeal, the teacher has the burden of demonstrating by a preponderance of the evidence a clear legal right to the relief requested and the burden of establishing the facts upon which relief is sought.
5. All appeals must be submitted in writing to the Superintendent no later than 10 school days from the date when the teacher receives his/her annual professional review. If a teacher is challenging the issuance of a PIP, appeals must be filed no later than 10 school days of issuance of such a plan. If a teacher is challenging the implementation of the PIP, an appeal must be filed within 10 days of the completion and final review of the PIP. The failure to file an appeal within these timeframes shall constitute a waiver of the right to appeal and the appeal shall be abandoned.
6. When filing an appeal, the teacher must submit a detailed, written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implantation of the terms of his/her improvement plan, and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information submitted after the time the appeal is filed must be support and be germane to the grounds of the appeal.
7. Within 10 business days of the receipt of the appeal, it will be submitted to a panel consisting of two teacher representatives appointed by the Association and two administrative representatives appointed by the Superintendent. The panel will be provided the entire appeals record. However, any information identifying the appellant or the appellant's evaluator will be redacted prior to receipt by the panel. Further, anonymity of the panel members will be protected to the extent possible throughout this procedure. The panel reserves the right to request an interview with the appellant to gather further information, clarification, or explanation. The appellant may choose to forgo this interview without prejudice regarding the merits of the appeal.
8. A written decision of the panel's findings on the merits of the appeal shall be rendered no later than 30 days from the date upon which the teacher filed his/her appeal. The appeal shall be based on written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, if any, to the appeal and additional documentary evidence submitted with such papers. Such decision will be final except as provided below.
9. The decision shall set forth the reasons and factual basis for the determination on each of the specific issues raised in the teacher's appeal.
1. If the appeal is sustained, the panel may set aside a rating or modify a rating based on the panel's recommendation. A copy of the decision shall be provided to the teacher and the evaluator or the person responsible for either issuing or implementing the terms of terms of an improvement plan, if that person is different.
2. In the event that a teacher receives and unsuccessfully appeals two consecutive "ineffective" ratings, he/she may appeal the determination of the second consecutive "ineffective" rating to the superintendent within 10 business days of receiving the decision. The appeal shall be conducted by the superintendent who shall render a decision within 10 business days of receiving the appeal. The sole issue before the superintendent shall be whether or not the second "ineffective" rating accurately reflected the teacher's performance during the period it covered.
3. In the event of a panel being deadlocked, notification of deadlock shall occur no later than 30 days from the date upon which the teacher filed his/her appeal.In the event of a panel being deadlocked, the superintendent shall render a final decision within 10 business days of notification of deadlock.
10. This appeal procedure shall constitute the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to a teacher's performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or teacher improvement plan, except otherwise authorized by law. All steps and the resolution of the appeal will occur in a timely and expeditious manner.
11. Nothing herein shall limit the right of a non-tenured teacher to exercise his/her right pursuant to Education Law 3031 and brings a grievance

charging procedural violation of the provisions of the collective bargaining agreement and APPR procedures.

12. If our evaluation processes change, the parties agree to reopen the contract for the purpose of negotiating an alternative procedure. Any material change(s) agreed to by the party will be submitted to the Department pursuant to a material change request.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

1. All evaluators (Lead Evaluators and Independent Observers, and evaluators) are trained together annually in August. Training is conducted by Sullivan County BOCES within the district. Additionally, the Assistant Superintendent for Curriculum and Instruction trains all evaluatorson district processes.
2. The Board of Educationcertifies and appoints all evaluators after verification of successful completion of training. This is an annual process.
3. Training is conducted with evaluators from multiple districts so that inter-rater reliability can be addressed effectively.Videos of teachers lessonare viewed, rated, compared, and discussed as part of the training. Variations in initial ratings and reasoning are explained to each other in order to develop a common understanding and perspective.
4. Content includes a review of and exercises related to the New York State Teaching Standards and covers the nine elements of training from Regents Rules 30-3.10. The teaching rubric is analyzed and discussed so that a shared and consistent understanding of expectations within the district is obtained. The videos of teacher lessonsand the subsequent discussion are an important component of the training. The training is a half-day for all previously trained and experiencedevaluators. Evaluators and observers new to the process are included, but they also have an additional half-day with small groups or independently with district and/or BOCES representatives.

- ☑ Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.
- ☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**:scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configurationor across multiple building/programs where the learning activities of one building/programindirectly contributeto student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA'sfocus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Marshall's Principal Evaluation Rubric (2012 Revised Edition with 2013 Updates)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Page Last Modified: 02/11/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All domains are observable and will be weighted and averaged equally. All indicators observed and rated are weighted equally and averaged for adomain score.
Domain1 - Diagnosis & Planning - 2
Domain 2 - Priority Management & Communication - 2
Domain3 - Curriculum & Data - 2
Domain4 - Supervision, Evaluation& Professional Development - 2
Domain 5 - Discipline &Family Involvement - 2
Domain 6 - Management & External Relations - 2

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Principal Appeal Process

1. Appeals of annual professional reviews will be limited to the following situations:
1. A principal completing the first year of a four-year probationary appointment may appeal only an ineffective APPR overall rating.
2. Any principal may appeal an ineffective APPR overall rating.
3. Any principal may appeal two consecutive developing APPR overall ratings except as provided above.
4. Any principal may appeal an improvement plan if and only if the plan was generated as a result of an ineffective or developing overall rating except as provided above.
2. In accordance with the law and regulations, a principal may only appeal the following in conjunction with his/her APPR:
1. The substance of the individual's annual professional performance review.
2. The district's adherence to the standards and methodologies required for such reviews.
3. The district's adherence to the regulations and compliance with any locally negotiated procedures
4. The district's adherence with the terms of the Professional Improvement Plan (PIP).
3. A principal may not file multiple appeals regarding the same performance review or PIP. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed may be waived. An appeal must state the nature of the remedy or relief sought.
4. In an appeal, the principal has the burden of demonstrating by a preponderance of the evidence a clear legal right to the relief requested and the burden of establishing the facts upon which relief is sought.
5. All appeals must be submitted in writing to the Superintendent no later than 10 school days from the date when the principal receives his/her annual professional review. If a principal is challenging the issuance of a PIP, appeals must be filed no later than 10 school days of issuance of such a plan. If a principal is challenging the implementation of the PIP, an appeal must be filed within 10 days of the completion and final review of the PIP. The failure to file an appeal within these timeframes shall constitute a waiver of the right to appeal and the appeal shall be abandoned.
6. When filing an appeal, the principal must submit a detailed, written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implantation of the terms of his/her improvement plan, and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information submitted after the time the appeal is filed must be support and be germane to the grounds of the appeal.
7. Within 10 business days of the receipt of the appeal, it will be submitted to a panel consisting of two principal representatives appointed by the Association and two administrative representatives appointed by the Superintendent. The panel will be provided the entire appeals record. However, any information identifying the appellant or the appellant's evaluator will be redacted prior to receipt by the panel. Further, anonymity of the panel members will be protected to the extent possible throughout this procedure. The panel reserves the right to request an interview with the appellant to gather further information, clarification, or explanation. The appellant may choose to forgo this interview without prejudice regarding the merits of the appeal.
8. A written decision of the panel's findings on the merits of the appeal shall be rendered no later than 30 days from the date upon which the principal filed his/her appeal. The appeal shall be based on written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, if any, to the appeal and additional documentary evidence submitted with such papers. Such decision will be final except as provided below.
9. The decision shall set forth the reasons and factual basis for the determination on each of the specific issues raised in the principal's appeal.
1. If the appeal is sustained, the panel may set aside a rating or modify a rating based on the panel's recommendation. A copy of the decision shall be provided to the principal and the evaluator or the person responsible for either issuing or implementing the terms of terms of an improvement plan, if that person is different.
2. In the event that a principal receives and unsuccessfully appeals two consecutive "ineffective" ratings, he/she may appeal the determination of the second consecutive "ineffective" rating to the superintendent within 10 business days of receiving the decision. The appeal shall be conducted by the superintendent who shall render a decision within 10 business days of receiving the appeal. The sole issue before the superintendent shall be whether or not the second "ineffective" rating accurately reflected the principal's performance during the period it covered.
3. In the event of a panel being deadlocked, notification of deadlock shall occur no later than 30 days from the date upon which the principal filed his/her appeal.In the event of a panel being deadlocked, the superintendent shall render a final decision within 10 business days of notification of deadlock.
10. This appeal procedure shall constitute the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to a principal's performance review and/or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or principal improvement plan, except otherwise authorized by law. All steps and the resolution of the appeal will occur in a timely and expeditious manner.

11. Nothing herein shall limit the right of a non-tenured principal to exercise his/her right pursuant to Education Law 3031 and brings a grievance charging procedural violation of the provisions of the collective bargaining agreement and APPR procedures.
12. If our evaluation processes change, the parties agree to reopen the contract for the purpose of negotiating an alternative procedure. Any material change(s) agreed to by the party will be submitted to the Department pursuant to a material change request.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

1. All evaluators (Lead Evaluators, independent evaluators, and evaluators)are trained annually in August or September by Sullivan County BOCES.
2. The Board of Education certifies and appoints all evaluators after verificaiton of successful completion of training.This is an annual process.
3. Training is conducted with evaluators from multiple districts so that inter-rater reliability can be addressed effectively.Videos of principals in action are viewed, rated, and discussed during the training to ensure inter-rater reliability.
4. Content includes a review of and exercises related to Professional Standards for Educators, and the nine elements of training in Regents Rules 30-3.10. We also discuss current relevant topics in education, such as equity, and how principals might address them. The videos of principals and the subsequent discussion are an important component of the training. The training is a half-day for all previously trained and experiencedevaluators. Evaluators new to the process are included, but they also have an additional half-day with small groups or independently with district and BOCES representatives.
